UNIVERSITY OF MARYLAND GLOBAL CAMPUS  
2022 Winter Commencement

# A Message from the President of University of Maryland Global Campus

Dear UMGC Graduates,

Congratulations! Commencement represents an important academic milestone, and you deserve to celebrate.

Today, we are honored to celebrate with you. I know I speak on behalf of everyone at University of Maryland Global Campus (UMGC) when I say that we are deeply proud of your every achievement and stand with you as you continue to pursue your dreams and aspirations.

When you succeed in your studies and in life, we succeed in our mission, and it is truly an honor to welcome you as UMGC alumni.

Many of you are also active-duty servicemembers, veterans of the U.S. military, or medical personnel and first responders. We salute you and the many others who live lives of service, and we thank you for choosing UMGC to continue your education.

As UMGC graduates, you are each better equipped to lead—in your family, your community, your place of work.

Be brave, and know that we share your vision of a world that is better and brighter, safer and more secure, more peaceful, and more just.

Embrace that vision and let it lead you. Together, we can help build that world for ourselves, our loved ones, and for all.

Again, congratulations to you and to all who share in this special achievement, whether in person or in spirit.

Sincerely,

A handwritten signature in black ink, appearing to read "Gregory W. Fowler". The signature is fluid and cursive, with a long horizontal line extending to the right.

## Winter 2022 Keynote Speaker

### **THE HONORABLE JAZZ M. LEWIS**

MEMBER, MARYLAND  
HOUSE OF DELEGATES

Jazz M. Lewis is a lifelong resident of Maryland and has dedicated his life to giving back to the state and its people.

Lewis began his career as a community organizer in Baltimore. He credits his activities as an organizer with teaching him the power of collective action and the importance of cultivating personal relationships within a movement.

He then used his organizing skills to help elect candidates up and down the ballot who fought for the local community, working on campaigns and with candidates to promote a better, more inclusive Maryland.

In February 2017, Lewis was appointed to the Maryland House of Delegates, where he serves on the Appropriations Committee. As a delegate in Annapolis, Lewis has worked tirelessly to focus on the issues important to everyday Marylanders, sponsoring and supporting legislation to expand access to healthcare by subsidizing care in high-need neighborhoods, passing tax credits to incentivize grocery stores to open in food deserts, tackling the systemic inequities in the prison system, and supporting new opportunities for young people.

Lewis earned both his Bachelor of Arts in government and politics and Master of Public Policy degrees from University of Maryland, College Park. He and his wife and son live in Prince George's County.

Graduates and Candidates

## Academic Honors

Academic honors for excellence in scholarship are determined from the cumulative grade point averages (GPA) of students who are pursuing a bachelor's degree and have completed 30 or more credits with University of Maryland Global Campus. Students may earn the distinctions of *cum laude*, *magna cum laude*, and *summa cum laude*, which signify graduation with honor, high honor, and highest honor, respectively. Sometimes called graduation honors, these traditional academic designations are awarded at the time a baccalaureate degree is conferred.

The distinction of *summa cum laude* is conferred on students with a cumulative GPA of 4.000, *magna cum laude* for a GPA of 3.901 to 3.999, and *cum laude* for a GPA of 3.800 to 3.900.

Students who have earned the honor of *summa cum laude* wear gold cords as part of their academic regalia at commencement. Blue cords indicate the honor of *magna cum laude* and white cords *cum laude*.

Academic honors for December 2022 candidates are based on academic standing as of October 15 and are pending final degree audit.

★ Cum Laude ❖ Magna Cum Laude ✨ Summa Cum Laude

---

This commencement program lists the names of those graduates and candidates who applied for graduation by the October 15 deadline.

## Academic Degrees and Dress

## History of Academic Degrees and Academic Dress

A DEGREE is awarded for successfully completing a course of study. U.S. colleges and universities now confer more than 1,600 types of academic degrees.

The first degree recorded in history was a doctorate conferred by the University of Bologna in the middle of the 12th century. Originally, the doctor's and master's degrees were used interchangeably, each indicating that the holder was qualified to give instruction to students. The bachelor's, or baccalaureate, degree indicated only entrance upon a course of study preparatory to a doctorate or mastership. Gradually, however, the bachelor's degree came to signify the successful completion of a level of advanced study preparatory to the higher degrees.

The associate degree originated at the University of Chicago, which began awarding it in 1900. Today's associate degree is typically awarded after two years of study and is often composed of coursework that may be applied toward a bachelor's degree.

In North America, the Bachelor of Arts (BA) was first conferred in 1642, on the nine young men who constituted the first graduating class of Harvard College. Yale conferred its first Bachelor of Arts in 1702; Princeton, in 1748; William and Mary, in 1753; Pennsylvania, in 1757; and Columbia, in 1758.

The Bachelor of Science (BS) was awarded to four graduates of Harvard's class of 1851; they were probably the first from any institution to receive that degree. Women in the United States first received baccalaureate degrees in 1841, when three women graduated from Oberlin College.

The master's degree has passed through various stages since its origin in the Middle Ages. During most of the first two centuries of U.S. collegiate history, the only master's degree awarded was the classic Master of Arts (MA). The University of Michigan offered the first Master of Science (MS) in 1858.

Throughout the 19th century, the Doctor of Philosophy (PhD) degree gained status in both Europe and North America. The first earned doctorates in the United States were awarded to three students at Yale in 1861. Johns Hopkins University was founded for graduate studies in 1876, after which more universities developed doctoral programs in varied disciplines but with requirements similar to the PhD.

THE GOWNS worn by participants in an academic procession indicate which academic degrees they hold. At the bachelor's level and above, the gown is usually black, but some universities use colored gowns. At UMGC, doctoral candidates wear red gowns; master's and bachelor's candidates wear black, and associate degree candidates wear the traditional gray gown.

The style of sleeve connotes the level of achievement: straight-bottomed sleeves indicate the associate and bachelor's degree; longer, dangling sleeves, the master's degree; and fuller, round sleeves the doctorate.

The gown worn by those who have earned a doctorate is faced with velvet and has three bars of the same material across the sleeves; the facing and bars can be black, blue, or a color matching the field in which the degree is earned.

Hoods are lined with the colors of the school granting the degree. The velvet border of the hood indicates the discipline. The hood for the doctorate has distinguishing panels and is longer than that for the master’s degree. Hoods are not usually worn for the bachelor’s or associate degrees at UMGC.

Bachelor’s degree recipients who have earned honors for outstanding scholarship wear cords as part of their academic regalia—gold for *summa cum laude*, blue for *magna cum laude*, and white for *cum laude*. These honors are awarded to students at UMGC with a grade point average of 3.800 and higher.

The standard cap is the mortarboard, which is usually the same color as the gown. At UMGC, tassels worn by candidates for degrees below the doctoral level are worn on the right and are moved—with great fanfare—to the left at the end of the ceremony.

The regalia worn by the university president is uniquely designed for each institution. Presidential robes have four bars of velvet across the sleeves, generally piped in a contrasting color, and may have velvet panels down the front. The UMGC president’s gown is red with black velvet facing and gold piping to represent the university’s colors.

## UMGC Alma Mater

UMGC was established in 1947 specifically to serve the educational needs of adult students, many of them veterans returning from World War II. That commitment continued as UMGC first sent faculty overseas to teach active-duty military personnel in Europe in 1949 and in Asia in 1956. That mission guides us to this day.

Our Alma Mater, by faculty member Susan C. Malone, commemorates and celebrates UMGC's unique culture and mission.
