Headcount Definition Changes: In Fall 16 (FY17) UMGC started reporting all students, including Worldwide students. Now students are reported based off of their home campus.

Headcount: Headcount refers to the unduplicated count of students enrolled for one or more classes, within the same level (undergraduate or graduate), during the time period stated. Unduplicated means that a student is only counted once, at the undergraduate or graduate level, regardless of the number of classes taken or the number of sites at which the classes are located. Unduplicated headcount is the most frequently used term for reporting student data. Students will be counted only once as an undergraduate or once as a graduate.

Historic years of fiscal year headcounts will differ from what was published in the PDF Factbook due to definitional changes that occur over time.

Headcount Definition Changes: In Fall 14 (FY15) UMGC moved to WorldWide Distance Education (WWDE). This change had an impact on Stateside Headcount because any student who took a WWDE course was considered Stateside. In Fall 16 (FY17) UMGC started reporting all students, including Worldwide students. Now students are reported based off of their home campus.

Headcount: Headcount refers to the unduplicated count of students enrolled for one or more classes, within the same level (undergraduate or graduate), during the time period stated. Unduplicated means that a student is only counted once, at the undergraduate or graduate level, regardless of the number of classes taken or the number of sites at which the classes are located. Unduplicated headcount is the most frequently used term for reporting student data. Students will be counted only once as an undergraduate or once as a graduate.
