REQUEST FOR PROPOSAL
Creative Services

SECTION I.  GENERAL INFORMATION

1.  Summary.

1.1 Solicitation: University of Maryland Global Campus (“University” or “UMGC”) is issuing this Request for Proposals (“RFP” or “Solicitation”) to provide creative services firms an opportunity to present their qualifications, experience, and conceptual approach to providing integrated marketing services to meet the needs of the University. Proposals that concisely present the information requested in the order and manner requested in this Solicitation will be considered more favorably than a Proposal (“Proposal” or “Offer”) from an Offeror of commensurate qualifications that displays a lack of organization, conciseness or attention to detail. For a profile of the University, see http://www.umgc.edu/visitors/about/.

1.2 Procurement Regulations: This RFP shall be conducted in accordance with University System of Maryland (“USM”) Procurement Policies and Procedures. The procurement method is Competitive Sealed Proposals. The text of the Policies and Procedures is available at https://www.usmd.edu/regents/bylaws/SectionVIII/VIII300.html.

1.3 UMGC Background: University of Maryland Global Campus was founded more than 70-years ago specifically to serve the higher education needs of working adults and the military. Today, UMGC continues that tradition online and offers more than 90 degrees, concentrations, specializations and certificates backed by the reputation of a state university and the University System of Maryland (USM). For more information, visit www.umgc.edu.

3. Questions and Inquiries.

All questions and inquiries regarding this procurement must be directed to the individual(s) referenced with the Issuing Office above. All such questions and inquiries must be received by the date and time as listed on the cover and the Solicitation Schedule of this RFP.

4. Proposal Closing Date/Due Date and Time. All proposers shall submit their Technical Proposal via email to the UMGC Box address provided below no later than the date and time indicated in the Solicitation Schedule. If any attachments containing creative examples exceed the Box document limitation, proposers must notify the Issuing Office prior to the due date and time.

Proposers shall allow sufficient time in submitting responses to the Solicitation to ensure timely receipt by the Issuing Office via the Box site. Proposers should receive an automatically generated verification from Box when the file has successfully uploaded. Proposers that do not receive verification should immediately contact the Issuing Office to confirm that their response has been received. Proposals or unsolicited amendments to proposals arriving after the due date and time will not be considered.

Box address for Technical Proposal Submission:

The email address for attachments containing technical proposals is: TECHNIC.3spbc4liq8fyw46q@u.box.com

It is suggested that proposers copy and paste the address.

4.1 Technical Proposals. Vendors may submit Technical Proposals for any and/or all of the six Categories of Services listed in Section 1.3. Technical Proposals are to be provided to the Issuing Office via e-mail by the time and date listed in the Solicitation Schedule. Hyperlinks to software products sent to UMGC’s Issuing Office that indicate that the Technical Proposal is posted by the Offeror on an electronic site may
be rejected or considered non-responsive if contract terms and conditions (i.e. a Click through Agreement) are required to be accepted by UMGC in order to download the Initial Technical Proposal. By providing to UMGC the Technical Proposals electronically, the Offeror grants the University the unlimited right to generate additional electronic and/or paper copies for distribution solely for the purpose of evaluation and review. **No pricing is to be provided in the Technical Proposal submittal.**

4.2 **Price Proposals.** Vendors must submit a Price Proposal for each Category of Service for which Technical Proposals are being submitted. Price Proposals are to be submitted at the same time as Technical Proposals as a separate attachment. The Price Proposal must be clearly labeled with “Price Proposal” and the RFP number and name. **Failure to provide the Price Proposal separately may disqualify the Offeror’s Proposal from progressing in the procurement.**

4.2 Late Proposal submissions will not be accepted. The University will not waive delay or error in delay on the part of the internet service provider.

4.3 Neither Technical nor Price Proposals will be opened publicly. The identity of Offerors will not be disclosed prior to the Contract award.

4.4 The Technical Proposal and/or Price Proposal, either individually or collectively, is considered by UMGC to be an Offer.

5. **Minority Business Enterprises.**

Minority participation is important to UMGC and the State of Maryland. State-certified Minority Business Enterprises (MBE) are strongly encouraged to respond to this Solicitation notice. If not certified by the Maryland Department of Transportation (MDOT), MBEs are encouraged to initiate certification as soon as possible. For more information on the State’s MBE program or questions related to certification, please contact MDOT’s Office of Minority Business Enterprise/Equal Opportunity, telephone 800-544-6056 or view the MDOT website: [http://www.mdot.state.md.us/mbe/index.html](http://www.mdot.state.md.us/mbe/index.html).

An MBE subcontracting goal of one (1) % of the total overall Contract(s) value which includes each Service is established for this Solicitation. This subcontracting goal will become part of the Contract. For more information, see Appendix M.

*If an MBE prime is awarded the contract, this MBE subcontracting goal will still apply.*

MBE Attachment A – Certified MBE Utilization and Fair Solicitation Affidavit (attached as part of Appendix M to the RFP) SHALL be completed and included in the Initial Technical Proposal.

*Per Maryland law, if MBE Attachment A is NOT provided, the Procurement Officer SHALL deem the proposal not susceptible of the award. This is non-curable.*
See Appendix M – MBE Regulations, Compliance, and Forms for further information. The Technical Proposal shall include Attachment B – MBE Participation Schedule.

6. **Acceptance of Terms and Conditions.**

By submitting a Proposal, an Offeror shall be deemed to have accepted the terms, conditions, and requirements set forth in this RFP and attached contract. The RFP including all addenda in total shall be incorporated into the Contract by reference.

7. **Contractual Agreement and Term.**

UMGC intends to award contract(s) to one or more vendors in each of the six Categories of Services as a result of this Solicitation. Any Contract(s) arising from this RFP action shall commence on the date the Contract(s) is executed on behalf of UMGC, or such other date as UMGC and the Contractor(s) shall agree.

The Contract is anticipated to start on or around October 20, 2020 and continue for one year. There are three (3) additional one-year terms. The aggregate maximum fee for all Contracts resulting from this Solicitation shall not exceed $1,000,000.

8. **No Guarantee of Work assignments or Dollar Amount paid for Services**

*UMGC does not guarantee awarded vendors (Contractors) any number of jobs/projects or dollar value paid for Services.* UMGC is not required to solicit all awarded vendors, either individually or collectively, when the need for the services arises. Contractors selected to provide services will work in partnership with members of UMGC’s Office of Marketing in the development and execution of Contract deliverables.

9. **Confidentiality of UMGC’s and Offeror’s Information.**

Refer to Appendix S for the terms of confidentiality of UMGC’s and Offeror’s information.

10. **Post-Award Confidentiality.**

Refer to Appendix C for the confidentiality obligations of awardees and UMGC.
SECTION II. SCOPE OF WORK

1. Purpose/Description.

SECTION III. PROCUREMENT PHASES AND EVALUATION PROCESS

ARTICLE 1. TECHNICAL PROPOSAL REQUIREMENTS

1. General Requirements.

1.1 Transmittal Letter: A transmittal letter prepared on the Offeror’s business stationery must accompany the Technical Proposal. The letter should be an executive summary that clearly and concisely summarizes the content of the Technical Proposal. The letter must be signed by an individual who is authorized to bind the firm to all statements, including services contained in the Proposal. (See 1.2 below.) Include the Offeror’s official business address and state in which it is incorporated or organized (if Offeror is not an individual). An appropriate contact name, title, phone number, and email address should also be provided for UMGC’s use during the procurement process. Do not include price information in the transmittal letter.

2. Initial Technical Criteria.

Clear, concise, yet detailed responses to the technical criteria below are to be provided in the Technical Proposal. In addition, the Bid/Proposal Affidavit and Acknowledgement of Receipt of Addenda (if applicable) must be included. Standard sales material may be provided but must be attached as an appendix rather than included within the body of the Proposal.

[Notes: For purposes of completing Appendix A, the Bid/Proposal Affidavit, Section “L” (Certification of Corporation Registration and Tax Payment), a business entity that is organized outside of the State of Maryland is considered a “foreign” business. Also, the Resident Agent referred to in Section “L” must have a Maryland address.]

The following information must be provided in the Technical Proposal. Failure to include any of the items listed below may disqualify your firm’s response. The Technical Criteria, items 2.1 through 2.8, are listed below in order of importance. Offerors are requested to compile their Proposals in the same order. Each Category of Service proposed to will be evaluated in light of the description of that Category of Service provided in the Scope of Work. It is the Offeror’s responsibility to tailor its response to demonstrate its
qualifications to perform the Services described in the Scope of Work specifically for UMGC.

**Mandatory Requirements:**

**2.1 Methodologies/Approach: Technical Approach.** Provide a narrative of how your firm will provide the Services described in RFP Section II Scope of Work. Vendors must provide at minimum one of the six Categories of Service and may provide any combination up to and including all six Categories of Service. **Indicate which of the Categories your firm is proposing to and thoroughly explain your capabilities and resources to supply those Services.**

Offerors are to include three (3) samples for each proposed Category that best demonstrate your firm’s ability and appropriate staffing/resources as identified on the Technical Sheet(s) submitted by your firm. The same samples may be used for different Services. Sample projects must demonstrate your firm’s creative and technical ability to perform creative marketing solutions. **Include experience with national clients and higher education clients. National experience and higher education experience are preferred.**

Each sample shall contain:

a. A general overview of your firm’s relationship to the client and number of year’s working with them;
   The Client’s marketing problem;

g. Performance results.

**2.2 Staffing Organization and Proposed Key Personnel Qualifications:** Provide evidence of adequate and appropriate staffing resources available to service UMGC’s account if awarded a Contract under this Solicitation. Resumes detailing Key Personnel who may be assigned to UMGC are to be provided. Resumes shall include employment history with the Offeror and previous employment in creative marketing services.

Resumes shall be provided for:

2.5 Proposal Affidavit: Complete and sign the Proposal Affidavit in Appendix A and include it in the Technical Proposal.

2.7 Acknowledgement of Receipt of Addenda Form: If any addenda to the RFP documents are issued prior to the due date and time for Proposals, this form (found in Appendix A) must be completed, signed, and included in the Offeror's Technical Proposal.

2.8 Acknowledgement of Review of Contract: The UMGC Contract for this Procurement will contain the provisions in Appendix C as well as any additional terms required by the University. By submitting a Proposal, the Offeror warrants that they have reviewed Appendix C and will execute a contract with these terms and conditions upon request by UMGC.

Offerors may modify their Technical Proposals by e-mail communication at any time prior to the due date and time, provided that the Issuing Office is satisfied that a written confirmation of the modification with the signature of the Offeror was mailed prior to the Proposal due date and time. Technical Proposals may not be modified, supplemented, cured, or changed in any way after the due date and time, unless specifically requested by the University.
SECTION III
ARTICLE 2. TECHNICAL EVALUATION PROCESS

1. Qualifying Proposals.

1.1 Procurement Officer Review: The Procurement Officer shall first review each Technical Proposal for compliance with the mandatory requirements of this RFP (i.e., susceptibility of award). Failure to comply with any mandatory requirement will normally disqualify a Proposal. The University reserves the right to waive a mandatory requirement when it is in its best interest to do so and when permitted by law.

1.2 Evaluation and Selection Committee: All Qualifying Proposals will be reviewed by a UM GC Evaluation and Selection Committee (the “Committee”) established by the Procurement Officer. As the procurement progresses, the Committee may seek input from other appropriate UM GC staff or request additional technical assistance from any other source.

2.1 Initial Technical Evaluation: Following the Procurement Officer’s qualifying review, the Committee shall conduct its evaluation of the technical merit of the Proposals in accordance with the Evaluation Criteria listed in Article 1, § 2, above. Minor irregularities contained in Proposals, which are immaterial or inconsequential in nature, may be waived wherever it is determined to be in the University’s best interest and when permitted by law. The decision for progressing in the procurement process will be made based on the strengths, weaknesses, advantages, and deficiencies that the Technical Proposals represent.

2.2 Shortlisting: In accordance with the Evaluation Criteria set forth in Article 1, § 2, a shortlist may be developed based on the Initial Technical Evaluation results. All Offerors will be notified of the results as they pertain to their respective Technical Proposal.

3.1 Purpose: Based on the Evaluation Committee’s Initial Technical Evaluation, the University may invite, without cost to itself, the shortlisted Offerors to an oral presentation/discussion session (“Discussion Session”). Proposers will be asked to submit a Non-Disclosure Agreement prior to the Discussion Session. Refer to Appendix F.

The purposes of the Discussion Session are as follows:

(i) To provide the Offeror the opportunity to demonstrate its product;
(ii) To discuss/clarify any and all aspects of the Technical Proposal, in particular the proposed product, approach/methodologies, implementation process, schedule, staffing of the contract, and ongoing support of the product and other applicable professional services;
(iii) To allow the University to meet the Offeror's key personnel and for these personnel to convey directly their experience and expertise in the proposed product and its implementation; and
(iv) To provide an opportunity to clarify the scope of services for the intended contract and discuss any items addressed in the Technical Proposal that may require additional clarification.

3.2 **Format:** The Discussion Session will be informal, as the University is not interested in a sales presentation by executives and business development staff; rather, the University is requesting a presentation of capabilities and case studies of similar work and an interactive discussion with each of the shortlisted Offerors. It is important that those key personnel who are proposed to be assigned to the University fully participate in the presentation and discussion. Ample time will be available for the University and the Offeror to ask questions and discuss issues and concerns related to the scope of the services, and the Offeror’s capabilities and qualifications. We anticipate that the Discussion Session will be approximately 60 minutes in length. Video conferencing will be scheduled.

Each shortlisted Offeror will be required to have UMGÇ’s Account Representative (Primary point of contact to be assigned to UMGÇ for the duration of the project), Managing Supervisor and Creative Director. Following the Discussion Session, additional follow-up, clarification documentation may be requested of each Offeror.

3.3 **Date:** The times and dates for the Discussion Session(s) will be set upon completion of the Initial Technical Evaluation; however, it is anticipated that the Discussion Session(s) will be conducted on the times and dates listed per the Solicitation Schedule, as well as on the cover of this RFP. **Offerors are therefore advised to set these date(s) aside in its (their) entirety on the calendars of the appropriate key personnel.**

4. **Second Phase Technical Evaluation.**

4.1 **Criteria:** Following the Discussion Session held with shortlisted Offerors, a Second Phase Technical Evaluation will be conducted. The Evaluation Committee will re-evaluate all criteria of the Technical Proposals of shortlisted Offerors, incorporating assessments of the Discussion Session and outcomes of reference checks. The University reserves the right to make a determination that an Offeror is not shortlisted prior to completing reference checks. The order of Evaluation Criteria remains the same.

4.2 **Process:** Further shortlists may result as the procurement progresses. At each phase of the process, those firms that do not remain shortlisted will not progress in the procurement. All Offerors will be notified of the results of the Technical Evaluation as they pertain to their respective Technical Proposals. It is UMGÇ’s intent to incorporate references prior to establishing the final shortlist of proposals. Once a final shortlist of proposals is established, the Committee will rank the remaining Technical Proposals.
SECTION III
ARTICLE 3. PRICE PROPOSALS

1. Submission.

All proposers shall submit their Price Proposal via email to the UMGC Box address provided below no later than the date and time indicated in the Solicitation Schedule. File names for the documents are to include the RFP number and the Proposer’s name. PLEASE NOTE: The cumulative size of the message body and attachments (including signature) cannot exceed 50 MB. If any attachments containing additional pricing information exceed the Box document limitation, proposers must notify the Issuing Office prior to the due date and time.

Proposers shall allow sufficient time in submitting responses to the Solicitation to ensure timely receipt by the Issuing Office via the Box site. Proposers should receive an automatically generated verification from Box when the file has successfully uploaded. Proposers that do not receive verification should immediately contact the Issuing Office to confirm that their response has been received. Proposals or unsolicited amendments to proposals arriving after the due date and time will not be considered.

Box address for Price Proposal Submission:

The email address for attachments containing price proposals is: PRICE_P.7xhzoqj3bm9vo3ne@u.box.com

It is suggested that proposers copy and paste the address.

Price Proposals must be received at the Issuing Office by the specified due date and time per the Solicitation Schedule. If applicable, all Offerors must use the Price Proposal form included in Appendix B. The Pricing Proposals are to be provided to the Issuing Office in accordance with the Solicitation Schedule. Hyperlinks to software products sent to UMGC’s Issuing Office that indicate that the Pricing Proposal is posted by the Offeror on an electronic site may be rejected or considered non-responsive if contract terms and conditions (i.e. a Click through Agreement) are required to be accepted by UMGC in order to download the Pricing Proposal. By providing to UMGC the Pricing Proposals electronically, the Offeror grants the University the unlimited right to generate additional electronic and/or paper copies for distribution solely for the purpose of evaluation and review.

No pricing is to be provided in the Technical Proposal submittal, therefore, the Price Proposal included MUST be sent separately from the Technical Proposal. The Price Proposal must be clearly labeled with “Price Proposal” and the RFP number and name. Failure to provide the Price Proposal separately may disqualify the Offeror’s Proposal from progressing in the procurement.

Page 17
Only the Price Proposals of those Offerors remaining on the final shortlist following the completion of the Technical Evaluation will be opened, which will be done privately.

2. Content.

Refer to Pricing Form. Pricing shall reflect a single blended rate for all positions and two rounds of revisions without mark-up on direct costs such as talent and buyouts. Include itemized pricing as well as a flat fee per sample. Travel will not be reimbursed. There are no reimbursables under this Contract.

The payment schedule shall be:
50% up front after approval and upon receipt of an itemized invoice;
50% after successful completion and upon receipt of an itemized invoice

Hourly rates will be requested for the assigned personnel and other professional services positions. The University will consider adjustments to labor rates only based upon federal minimum wage increases, increases in Maryland Living Wage, and increases in the Consumer Price Index (CPI), as published by the Bureau of Labor Standards in February of the appropriate year (i.e., for 7/1/19 renewal the University will look at the CPI published for February 2019, and so on). Requested increases above a 5% cap will not be considered. In order to receive consideration for a price increase, the Contractor must submit a request in writing to the UMGC Procurement Office sixty (60) days prior to the end of the initial term. The request must specify any change in the hourly labor rate wage to be paid to employees during the renewal term. The University will not consider late requests for adjustments to the hourly rate. Increases that are cumulative for prior years will not be considered; for example, if the Contractor does not request an increase for the first renewal year and then requests an increase for the second renewal year, the Contractor cannot include a cumulative amount which includes the first renewal year.

Upon approval by the University, any such modified hourly rate will constitute the labor cost figure for the contract renewal period. The University reserves the right to terminate the Contract at any time upon giving thirty (30) days written notice.

3. Evaluation.

Price Proposals from shortlisted Offerors will be evaluated based on the total cost of the products and/or services requested above. The University may elect to request Best and Final Price Proposals (BAFO’s).
SECTION III
ARTICLE 4. FINAL EVALUATION, RANKING AND SELECTION

1. Recommendation of Award or Further Discussions.

The Committee may recommend an Offeror for contract award(s) based upon the Offeror’s Technical Proposal and Price Proposal without further discussion. However, should the Committee find that further discussion would benefit the University and the State of Maryland, the Committee may recommend such discussions to the Procurement Officer. Should the Procurement Officer determine that further discussion would be in the best interest of the University and the State, the Procurement Officer shall establish procedures and schedules for conducting discussions and will notify responsible Offerors.

2. Final Ranking and Selection.

2.1 Process: Following evaluation of the Technical Proposals and the Price Proposals (and Best and Final Offers, if applicable), the Evaluation and Selection Committee will make an initial shortlist of the Proposals and recommend to the Procurement Officer the award of the contract(s) to the Offeror(s) whose Proposal(s) is (are) determined to be the most advantageous to the University and the State of Maryland. The decision of the award(s) of the Contract will be made at the discretion of the Procurement Officer and will depend on the facts and circumstances of the procurement. All Offerors will be notified of the award(s) selection.

2.2 Basis for Award: Technical merit will have a greater weight than cost in the final ranking. Award may be made to the Offeror with a higher technical ranking even if its Price Proposal is not the lowest. The Procurement Officer retains the discretion to examine all factors to determine the award of the contract. The goal is to contract with the Offeror(s) that would best meet the needs of the University as set forth in the RFP.

2.3. Negotiations: The University may select for award one or more Offeror(s) to negotiate the terms and conditions of the Contract. The University reserves the right to make an award with or without negotiation.

3. Debriefing.

3.1 Request: Unsuccessful Offerors may request a debriefing. 5.1 Upon completion and delivery of each deliverable by Contractor, UMGC will begin the evaluation and acceptance process, which shall include, but not be limited to, the steps described below. 5.2 Within the time period specified in the Contract including any Contract Amendments, or if not specified, then within thirty (30) business days of receipt by UMGC of a scheduled deliverable from Contractor, UMGC shall determine whether such deliverable Materially Conforms to the specifications defined in the Contract. As used herein, the term "Materially Conforms" means that the deliverable is ready to be used in production and meets or exceeds its intended functionality and performance. If UMGC does not elect to terminate this Contract after the second failure, it has not automatically waived its right to do so following any additional failed attempt at correction by Contractor to which the parties may agree.

5.4 If either party fails to meet the testing period described above, or any other periods of time as mutually agreed to, the other party may declare the Contract in material breach and begin the termination process as defined in Section 10.1 of this Contract.

6. INTELLECTUAL PROPERTY

6.1 Neither party may use the other party’s name, trademarks or other proprietary identifying symbols without the prior written approval of the other party.

6.2 Contractor agrees to defend upon request and indemnify and hold harmless UMGC, its officers, agents and employees with respect to any claim, action, cost or judgment for patent infringement, or trademark or copyright violation arising out of purchase or use of materials, software, supplies, equipment or services under this Contract.

7. CONFIDENTIAL INFORMATION

7.1 Contractor acknowledges and understands that in connection with this Contract, the performance of the Services and otherwise, Contractor has had or shall have access to, has obtained or shall obtain, or has been or shall be given the University’s Confidential Information (as defined herein). For purposes of this Contract, “Confidential Information” means all information provided by the University to Contractor, including without limitation information concerning the University’s business strategies, political and legislative affairs, students, employees, vendors, contractors, student records, customer lists, finances, properties, methods of operation, computer and telecommunications systems, and software and documentation. Confidential Information includes information in any and all formats and media, including without limitation oral, and includes the originals and any and all copies and derivatives of such information.

7.2 Contractor shall use the Confidential Information only if and when required for the performance of the Services, and for no other purpose whatsoever, and only by Contractor employees engaged in that performance.

7.3 Contractor shall not, in any manner whatsoever, disclose, permit access to, or allow use of Confidential Information to any person or entity except as specifically permitted or required under this Contract.

7.4 Contractor acknowledges and understands that UMGC is required to protect certain Confidential Information from disclosure under applicable law, including but not limited
to, the Family Educational Rights and Privacy Act ("FERPA"), the Gramm Leach Bliley Act ("GLBA"), or the Maryland Public Information Act ("PIA"), including regulations promulgated there under, as the laws and regulations may be amended from time to time (collectively the “Privacy Laws”). The Confidential Information that is protected under FERPA was provided to the Contractor as it is handling an institution service or function that would ordinarily be performed by UMGC’s employees. The Contractor agrees that it shall be obligated to protect the Confidential Information in its possession or control in accordance with the Privacy Laws to the same extent as UMGC would be obligated if the Confidential Information was in the possession or control of UMGC. The Contractor further agrees that it is subject to the requirements governing the use and re-disclosure of personally identifiable information from education records as provided in FERPA.

7.5 Contractor may disclose Confidential Information as required by legal process. If Contractor is required by legal process to disclose Confidential Information, Contractor shall immediately notify the University, and before disclosing such information shall allow UMGC reasonable time to take appropriate legal action to prevent disclosure of the Confidential Information.

7.6 Contractor’s obligations with respect to Confidential Information shall survive the expiration or the termination of this Contract.

7.7 Contractor acknowledges that Contractor’s failure to comply fully with the restrictions placed upon use, disclosure and access to Confidential Information may cause the University grievous irreparable harm and injury. Therefore, any failure to comply with the requirements of this Article 7 shall be a material breach of this Contract.

7.8 Contractor agrees and acknowledges that it is not the custodian of any Confidential Information that may be in Contractor’s possession or control. Contractor shall forward any request for disclosure of Confidential Information to:

Office of Legal Affairs
University of Maryland Global Campus
3501 University Boulevard East
Adelphi, MD 20783

7.9 Except to the extent otherwise required by applicable law or professional standards, the obligations under this section do not apply to information that (a) is or becomes generally known to the public, other than as a result of disclosure by Contractor, (b) had been previously possessed by Contractor without restriction against disclosure at the time of receipt by Contractor, (c) was independently developed by Contractor without violation of this Contract, or (d) Contractor and the University agree in writing to disclose. Contractor shall be deemed to have met its nondisclosure obligations under this section as long as it exercises the same level of care to protect the Confidential Information as it exercises to protect its own confidential information, except to the extent that applicable law or professional standards impose a higher requirement.
7.10 All Confidential Information received by Contractor shall be returned to the University or destroyed upon completion or termination of this Contract.

8. RELATIONSHIP OF THE PARTIES

8.1 Nothing in this Contract shall be construed to establish a relationship of servant, employee, partnership, association, or joint venture between the parties. Neither party shall bind or attempt to bind the other to any contract, warranty, covenant or undertaking of any nature whatsoever unless previously specifically authorized in writing in each instance. Nothing in this Contract is intended to create a joint employment relationship.

8.2 It is understood and agreed that Contractor is an independent contractor of the University, and not an employee. Except as set forth in this Contract, the University will not withhold income taxes, social security or any other sums from the payments made to Contractor hereunder. All employees or contractors of Contractor shall in no way be considered employees of the University, but rather they shall be employees or contractors of Contractor, and Contractor shall bear full responsibility for compensating those persons and for the performance of the Services by way of them.

8.3 Each party reserves the right to review all press releases or other public communications of the other party that may affect the party’s public image, programs or operations.

9. DISTRIBUTION OF RISK

9.1 Contractor shall maintain in full force and effect adequate insurance coverage to protect against the risks associated with the performance of Services under this Contract. Contractor shall also maintain in full force and effect workers’ compensation insurance as required by the laws of the jurisdiction in which the Services are performed. Upon request, Contractor shall provide the University with evidence of such insurance.

9.2 Contractor shall indemnify and hold harmless the University and the State of Maryland, their officers, employees, and agents, from any and all costs (including without limitation reasonable attorneys’ costs and cost of suit), liabilities, claims, or demands arising out of or related to Contractor’s performance under this Contract. The University agrees to notify Contractor promptly of any known liabilities, claims, or demands against the University for which Contractor is responsible hereunder, and Contractor agrees to at UMGC’s request defend the University or settle any such liabilities, claims, or demands.

9.3 Neither party shall be liable to the other for indirect, consequential, incidental, punitive, exemplary, or special damages, or losses, including without limitation lost profits and opportunity costs.

10. GENERAL TERMS AND CONDITIONS
10.1 **Termination for Default.** If the Contractor fails to fulfill its obligation under this Contract properly and on time, or otherwise violates any provision of the Contract, the University may terminate the Contract by written notice to the Contractor. The notice shall specify the acts or omissions relied upon as cause for termination. The University will provide Contractor a reasonable opportunity, not to exceed 10 business days, to cure the act or omission, provided such opportunity to cure does not extend the deadline for any deliverables and does not cause the University further damage. All finished or unfinished work provided by the Contractor, to which the University is entitled pursuant to this Contract shall become the University's property. The University shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by Contractor's breach. If the damages are more than the compensation payable to the Contractor, the Contractor will remain liable after termination and the University can affirmatively collect damages. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of USM Procurement Policies and Procedures.

10.2 **Termination for Convenience.** The performance of work under this Contract may be terminated by the University in accordance with this clause in whole, or from time to time in part, whenever the University shall determine that such termination is in the best interest of the University. The University will pay all reasonable costs associated with this Contract that the Contractor has incurred up to the date of termination and all reasonable costs associated with termination of the Contract. However, the Contractor shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of the USM Procurement Policies and Procedures.

10.3 **Delays and Extension of Time.** The Contractor agrees to prosecute the work continuously and diligently and no charges or claims for damages shall be made by it for any delays or hindrances from any cause whatsoever during the progress of any portion of the work specified in this Contract. Time extensions will be granted only for excusable delays that arise from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to, acts of God, acts of public enemy, acts of the State in either its sovereign or contractual capacity, acts of another Contractor in the performance of a contract with the State or the University, changes in law or regulation, action by government or other competent authority, fires, earthquakes, floods, epidemics, quarantine restrictions, strikes, freight embargoes, malicious or criminal acts of third parties, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of either the Contractor or the subcontractors or suppliers.

10.4 **Suspension of Work.** The Procurement Officer unilaterally may order the Contractor in writing to suspend, delay, or interrupt all or any part of its performance for such period of time as the Procurement Officer may determine to be appropriate for the convenience of the University.
10.5 **Subcontracting and Assignment.**

10.5.1 The Contractor may not subcontract any portion of the Services provided under this Contract without obtaining the prior written approval of the University nor may the Contractor assign this Contract or any of its rights or obligations hereunder, without the prior written approval of UMGC. The University shall not be responsible for the fulfillment of the Contractor’s obligations to subcontractors. Any such subcontract shall be subject to any terms and conditions that UMGC deems necessary to protect its interests. Contractor shall remain responsible for performance of all Services under this Contract and shall be subject to liability to the University for acts and omissions of subcontractors.

10.5.2 Neither party may assign this Contract without the prior written consent of the other party, which consent shall not be unreasonably withheld, except that Contractor may assign this Contract to any parent, subsidiary, affiliate or purchaser of all or substantially all its assets with notice to the University. Contractor may designate a third party to receive payment without the University’s prior written consent unless in conflict with Maryland or federal law but shall provide the University with notification thereof.

10.5.3 **Minority Business Enterprise Sub-contracting Goal and Associated Liquidated Damages.** UMUC has established a Minority Business Enterprise (MBE) subcontracting goal of 1% of the total cumulative contract dollar amount under RFP Number 91650 for the Initial Term and all Renewal Terms of the Contract. Refer to Appendix M of RFP Number 91650 for requirements of the MBE Program.

**Liquidated Damages.** This contract requires the contractor to make good faith efforts to comply with the Minority Business Enterprise ("MBE") Program and contract provisions. The State and the Contractor acknowledge and agree that the State will incur damages, including but not limited to loss of goodwill, detrimental impact on economic development, and diversion of internal staff resources, if the Contractor does not make good faith efforts to comply with the requirements of the MBE Program and MBE contract provisions. The parties further acknowledge and agree that the damages the State might reasonably be anticipated to accrue as a result of such lack of compliance are difficult to ascertain with precision. Therefore, upon a determination by the State that the Contractor failed to make good faith efforts to comply with one or more of the specified MBE Program requirements or contract provisions, the Contractor agrees to pay liquidated damages to the State at the rates set forth below. The Contractor expressly agrees that the State may withhold payment on any invoices as a set-off against liquidated damages owed. The contractor further agrees that for each specified violation, the agreed upon liquidated damages are reasonably proximate to the loss the State is anticipated to incur as a result of such violation.

a.  Failure to submit each monthly payment report in full compliance with COMAR 21.11.03.13B(3): $25.00 per day until the monthly report is submitted as required.

b.  Failure to include in its agreements with MBE subcontractors a provision requiring
submission of payment reports in full compliance with COMAR 21.11.03.13B(4): $100 per MBE subcontractor.

c. Failure to comply with COMAR 21.11.03.12 in terminating, canceling, or changing the scope of work/value of a contract with an MBE subcontractor and/or amendment of the MBE participation schedule: the difference between the dollar value of the MBE participation commitment on the MBE participation schedule for that specific MBE firm and the dollar value of the work performed by that MBE firm for the contract.

d. Failure to meet the Contractor’s total MBE participation goal and the subgoal commitments: the difference between the dollar value of the total MBE participation commitment on the MBE participation schedule and the MBE participation actually achieved.

e. Failure to promptly pay all undisputed amounts to an MBE subcontractor in full compliance with the prompt payment provisions of this contract: $100 per day until the undisputed amount due to the MBE subcontractor is paid.

Notwithstanding the use of liquidated damages, the State reserves the right to terminate the contract and exercise all other rights and remedies provided in the contract or by law.

10.6 Maryland Law Prevails. This Contract, and all claims arising out of or relating to this Contract, shall be governed in all respects by the laws of the State of Maryland, without reference to its conflicts of laws rules.

10.7 Contract Integration and Modification. This Contract and the documents incorporated herein form the entire agreement of the parties with respect to the subject matter of this procurement, and supersede all prior negotiations, agreements and understandings with respect thereto. This Contract may be amended with the written consent of both parties. Amendments may not significantly change the scope of the Contract.

10.8 No Third Party Beneficiaries. This Agreement is only for the benefit of the undersigned parties and their permitted successors and assigns. No one shall be deemed to be a third party beneficiary of this Agreement.

10.9 Notices. Notices under this Contract will be written and will be considered effective upon personal delivery to the person addressed or five (5) calendar days after deposit in any U.S. mailbox, first class (registered or certified) and addressed to the other party as follows:

10.12 Non-Hiring of Employees. The bidder or offeror shall specify the percentage of the contract value or dollar amount and the items of work associated with each MBE subcontractor identified on the MBE Participation Schedule.

If a bidder or offeror fails to submit the completed and signed Attachment A-3 with its Price Proposal as required, the Procurement Officer shall deem the bid non-responsive or shall determine that the offer is not reasonably susceptible of being selected for award. THIS IS NON-CURABLE.

V. NOTICE OF CONTRACT AWARD: Within 10 working days from notification that it is the apparent awardee or from the date of the actual award, whichever is earlier, the apparent awardee must provide the following documentation to the Procurement Officer.

(1) Outreach Efforts Compliance Statement (Attachment B)
(2) Subcontractor Project Participation Statement (Attachment C)
(3) MBE Prime Contractor Project Participation Statement (Attachment D), if applicable.
(4) If the apparent awardee believes a waiver (in whole or in part) of the overall MBE goal or of any subgoal is necessary, it must submit a fully documented waiver request that complies with COMAR 21.11.03.11.
(5) Any other documentation required by the Procurement Officer to ascertain bidder or offeror responsibility in connection with the certified MBE participation goal.

If the apparent awardee fails to return each completed document within the required time, the Procurement Officer may determine that the apparent awardee is not responsible and therefore not eligible for contract award. If the contract has already been awarded, the award is voidable.
VI. CONTRACT ADMINISTRATION REQUIREMENTS

Contractor shall:

1. Submit monthly via email to the MBE Liaison, **Pam Welzenbach** (Pamela.Welzenbach@umgc.edu) a report listing any unpaid invoices, over 30 days old, received from any certified MBE subcontractor, the amount of each invoice and the reason payment has not been made. If the Contractor is an MBE Prime Contractor, also submit monthly reports to the MBE Liaison identifying the invoices and value of the work being self-performed for purposes of meeting the MBE participation goal/subgoals.

2. Include in its agreements with its certified MBE subcontractors a requirement that those subcontractors submit monthly to the Department a report that identifies the prime contract and lists all payments received from Contractor in the preceding 30 days, as well as any outstanding invoices, and the amount of those invoices.

3. Maintain such records as are necessary to confirm compliance with its MBE participation obligations. These records must indicate the identity of certified minority and non-minority subcontractors employed on the contract, the type of work performed by each, and the actual dollar value of work performed. Subcontract agreements documenting the work performed by all MBE participants must be retained by the Contractor and furnished to the Procurement Officer on request.

4. Consent to provide such documentation as reasonably requested and to provide right-of-entry at reasonable times for purposes of the State’s representatives verifying compliance with the MBE participation obligations. Contractor must retain all records concerning MBE participation and make them available for State inspection for three years after final completion of the contract.

5. At the option of the procurement agency, upon completion of the contract and before final payment and/or release of retainage, submit a final report in affidavit form and under penalty of perjury, of all payments made to, or withheld from MBE subcontractors.

MBE UTILIZATION AND FAIR SOLICITATION AFFIDAVIT
& MBE PARTICIPATION SCHEDULE

PART A-1 - INSTRUCTIONS
PLEASE READ BEFORE COMPLETING THIS DOCUMENT

This form includes Instructions and the MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule which must be submitted with the bid/proposal. If the bidder/offeror fails to accurately complete and submit this Affidavit and Schedule with the bid or proposal, the Procurement Officer shall deem the bid non-responsive or shall determine that the proposal is not reasonably susceptible of being selected for award.

1. Contractor shall structure its procedures for the performance of the work required in this Contract to attempt to achieve the minority business enterprise (MBE) subcontractor participation goal stated in the Invitation for Bids or Request for Proposals. Contractor agrees to exercise good faith efforts to carry out the requirements set forth in these Instructions, as authorized by the Code of Maryland Regulations (COMAR) 21.11.03.

2. MBE Goals and Subgoals: Please review the solicitation for information regarding the Contract’s MBE overall participation goals and subgoals. After satisfying the requirements for any established subgoals, the Contractor is encouraged to use a diverse group of subcontractors and suppliers from the various MBE classifications to meet the remainder of the overall MBE participation goal.

3. MBE means a minority business enterprise that is certified by the Maryland Department of Transportation (“MDOT”). Only MBEs certified by MDOT may be counted for purposes of achieving the MBE participation goals. In order to be counted for purposes of achieving the MBE participation goals, the MBE firm, including a MBE prime, must be MDOT-certified for the services, materials or supplies that it is committed to perform on the MBE Participation Schedule. A firm whose MBE certification application is pending may not be counted.

4. Please refer to the MDOT MBE Directory at https://mbe.mdot.maryland.gov/directory/ to determine if a firm is certified with the appropriate North American Industry Classification System (“NAICS”) code and the product/services description (specific product that a firm is certified to provide or specific areas of work that a firm is certified to perform). For more general information about NAICS codes, please visit https://www.census.gov/eos/www/naics/. Only those specific products and/or services for which a firm is certified in the MDOT Directory can be used for purposes of achieving the MBE participation goals. CAUTION: If the firm’s NAICS code is in graduated status, such services/products may not be counted for purposes of achieving the MBE participation goals. A NAICS code is in the graduated status if the term “Graduated” follows the code in the MDOT MBE Directory.

5. Guidelines Regarding MBE Prime Self-Performance. Please note that when a certified MBE firm participates as a prime contractor on a Contract, a procurement agency may count the distinct, clearly defined portion of the work of the Contract that the certified MBE firm performs with its own workforce toward fulfilling up to, but no more than, fifty-percent (50%) of the overall MBE participation goal, including up to one hundred percent (100%) of not more than one of the MBE participation subgoals, if any, established for the Contract.
In order to receive credit for self-performance, an MBE prime must be certified in the appropriate NAICS code to do the work and must list its firm in the MBE Participation Schedule, including the certification category under which the MBE prime is self-performing and include information regarding the work it will self-perform.

For the remaining portion of the overall goal and the remaining subgoals, the MBE prime must also identify on the MBE Participation Schedule the other certified MBE subcontractors used to meet those goals or request a waiver.

These guidelines apply to the work performed by the MBE Prime that can be counted for purposes of meeting the MBE participation goals. These requirements do not affect the MBE Prime’s ability to self-perform a greater portion of the work in excess of what is counted for purposes of meeting the MBE participation goals.

Please note that the requirements to meet the MBE participation overall goal and subgoals are distinct and separate. If the contract has subgoals, regardless of MBE Prime’s ability to self-perform up to 50% of the overall goal (including up to 100% of any subgoal), the MBE Prime must either commit to use other MBEs for each of any remaining subgoals or request a waiver.

In certain instances where the percentages allocated to MBE participation subgoals add up to more than 50% of the overall goal, the portion of self-performed work that an MBE Prime may count toward the overall goal may be limited to less than 50%. Please refer to the Governor’s Office of Small Minority & Women Business Affairs’ website for the MBE Prime Regulations Q&A for illustrative examples. http://www.goMDsmallbiz.maryland.gov/Documents/MBE_Toolkit/MBEPrimeRegulations_QA.pdf

6. Subject to items 1 through 5 above, when a certified MBE performs as a participant in a joint venture, a procurement agency may count a portion of the total dollar value of the Contract equal to the distinct, clearly-defined portion of the work of the Contract that the certified MBE performs with its own forces toward fulfilling the Contract goal, and not more than one of the Contract subgoals, if any.

7. The work performed by a certified MBE firm, including an MBE prime, can only be counted towards the MBE participation goal(s) if the MBE firm is performing a commercially useful function on the Contract. Please refer to COMAR 21.11.03.12-1 for more information regarding these requirements.
8. **Materials and Supplies: New Guidelines Regarding MBE Participation.**

- **Regular Dealer** (generally identified as a wholesaler or supplier in the MDOT Directory): Up to 60% of the costs of materials and supplies provided by a certified MBE may be counted towards the MBE participation goal(s) if such MBE is a Regular Dealer of such materials and supplies. Regular Dealer is defined as a firm that owns, operates, or maintains a store, a warehouse, or any other establishment in which the materials, supplies, articles, or equipment are of the general character described by the specifications required under the contract and are bought, kept in stock, or regularly sold or leased to the public in the usual course of business; and does not include a packager, a broker, a manufacturer’s representative, or any other person that arranges or expedites transactions.

*Example for illustrative purposes of applying the 60% rule*

Overall contract value: $2,000,000  
Total value of supplies: $100,000

Calculate Percentage of Supplies to overall contract value:  
$100,000 divided by $2,000,000 = 5%  
Apply 60% Rule - Total percentage of Supplies/Products 5% x 60% = 3%

3% would be counted towards achieving the MBE Participation Goal and Subgoal, if any, for the MBE supplier in this example.

- **Manufacturer**: A certified MBE firm’s participation may be counted in full if the MBE is certified in the appropriate NAICS code(s) to provide products and services as a manufacturer.

- **Broker**: With respect to materials or supplies purchased from a certified MBE that is neither a manufacturer nor a regular dealer, a unit may apply the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, fees, or transportation charges for the delivery of materials and supplies required on a procurement toward the MBE contract goals, provided a unit determines the fees to be reasonable and not excessive as compared with fees customarily allowed for similar services. A unit may not apply any portion of the costs of the materials and supplies toward MBE goals.

- **Furnish and Install and other Services**: The participation of a certified MBE supplier, wholesaler, and/or regular dealer certified in the proper NAICS code(s) to furnish and install materials necessary for successful contract completion may be counted in full. Includes the participation of other MBE service providers in the proper NAICS code(s) may be counted in full.

9. **Dually certified firms.** An MBE that is certified in more than one subgroup category may only be counted toward goal fulfillment of ONE of those categories with regard to a particular contract.

Example: A woman-owned Hispanic American (dually certified) firm may be used to fulfill the women-owned OR Hispanic American subgoal, but not both on the same contract.

10. **CAUTION**: The percentage of MBE participation, computed using the percentage amounts determined for all of the MBE firms listed in Part A-3, MUST meet or exceed the MBE participation goal and subgoals (if applicable) as set forth in Part A-2- for this solicitation. If a
bidder/offeror is unable to meet the MBE participation goal or any subgoals (if applicable), then the bidder/offeror must request a waiver in Part A-2 or the bid will be deemed not responsive, or the proposal not reasonably susceptible of being selected for award.

11. If you have any questions as to whether a firm is certified to perform the specific services or provide specific products, please contact MDOT’s Office of Minority Business Enterprise at 1-800-544-6056 or via email to mbe@mdot.state.md.us sufficiently prior to the submission due date.

Total MBE Participation (include all categories): 1 %
PART A-2 - MBE UTILIZATION AND FAIR SOLICITATION AFFIDAVIT

This MBE Utilization and Fair Solicitation Affidavit must be completed and included with the Technical proposal. If the Bidder or Offeror fails to complete and submit this Affidavit with the bid or proposal as required, the Procurement Officer shall deem the bid non-responsive or shall determine that the proposal is not reasonably susceptible of being selected for award. **THIS IS NON-CURABLE.**

In connection with the bid/proposal submitted in response to Solicitation No. 91650, I affirm the following:

1. **MBE Participation (PLEASE CHECK ONLY ONE)**

☐ I acknowledge and intend to meet IN FULL both the overall certified Minority Business Enterprise (MBE) participation goal of 1 percent and all of the following subgoals: *subgoals not applicable*
   - _____ percent for African American-owned MBE firms
   - _____ percent for Hispanic American-owned MBE firms
   - _____ percent for Asian American-owned MBE firms
   - _____ percent for Women-owned MBE firms

Therefore, I am not seeking a waiver pursuant to COMAR 21.11.03.11. I acknowledge that by checking the above box and agreeing to meet the stated goal and subgoal(s), if any, I must complete Part A-3 - MBE Participation Schedule in order to be considered for award.

**OR**

☐ I conclude that I am unable to achieve the MBE participation goal and/or subgoals. I hereby request a waiver, in whole or in part, of the overall goal and/or subgoals. I acknowledge that by checking this box and requesting a partial waiver of the stated goal and/or one or more of the stated subgoal(s) if any, I must complete Part A-3, the MBE Participation Schedule for the portion of the goal and/or subgoal(s) if any, for which I am not seeking a waiver, in order to be considered for award.

**Additional MBE Documentation**

I understand that if I am notified that I am the apparent awardee or as requested by the Procurement Officer, I must submit the following documentation within 10 working days of receiving notice of the potential award or from the date of conditional award (per COMAR 21.11.03.10), whichever is earlier:

(a) Outreach Efforts Compliance Statement (Attachment B);
(b) MBE Subcontractor Project Participation Statement (Attachment C);
(c) MBE Prime Project Participation Statement (Attachment D), if applicable;
(d) Any other documentation, including additional waiver documentation if applicable, required by the Procurement Officer to ascertain bidder or offeror responsibility in connection with the certified MBE participation goal and subgoals, if any.

I understand that if I fail to return each completed document within the required time, the Procurement Officer may determine that I am not responsible and therefore not eligible for contract award. If the contract has already been awarded, the award is voidable.
Information Provided to MBE firms

In the solicitation of subcontract quotations or offers, MBE firms were provided not less than the same information and amount of time to respond as were non-MBE firms.

I solemnly affirm under the penalties of perjury that: (i) I have reviewed the instructions for the MBE Utilization & Fair Solicitation Affidavit, and (ii) the information contained in the MBE Utilization & Fair Solicitation Affidavit is true to the best of my knowledge, information and belief.

APPENDIX S

1. SOLICITATION TERMS AND CONDITIONS
This Solicitation and any subsequent award are further subject to:

1. **Contractor’s/Offeror’s Responsibility.**
   Offerors are advised to read the requirements very carefully to ensure that each requirement is understood. If in doubt, develop and submit applicable questions in writing to the contact at the Issuing Office. An Offeror’s misinterpretation of requirements shall not relieve the Offeror of the responsibility to address accurately the requirements of the RFP or to perform the Contract, if awarded. UMGC will enter into a contractual agreement with the selected Contractor(s) only. The selected Contractor(s) shall be solely responsible for all services as required by this RFP. Subcontractors, if any, will be the responsibility of the Contractor(s) and the role of subcontractors must be clearly identified in the proposal. The use of a subcontractor(s) does not relieve the Contractor(s) of liability under a Contract.

2. **Rejection or Acceptance of Proposals.**
   The University reserves the right to: (i) accept or reject any and all proposals, in whole or in part; (ii) to waive minor irregularities; and (iii) to negotiate in any manner necessary to best serve the interests of the University. Further, the University reserves the right to make a whole award, multiple awards, a partial award, or no award at all. Offerors judged by the Procurement Officer not to be responsible or Offerors whose Proposals are classified as not reasonably susceptible to being selected for award shall be so notified. The University reserves the right to increase or decrease the quantities of any materials, equipment, supplies or services.

3. **Cancellation of the RFP.**
   UMGC may cancel this RFP, in whole or in part, at any time.

4. **Incurred Expenses.**
   Neither UMGC nor the State of Maryland is responsible for any expenses that Offerors may incur in preparing and submitting Proposals or in making oral presentations of their Proposals, if required.

5. **Payment.**
   The State of Maryland usually provides payments on a net 30-day basis for UMGC approved invoices. Payment provisions shall be in arrears, with late payment and interest calculated as provided by Maryland law. For purposes of determining whether a prompt-payment discount, if applicable, may be taken by UMGC, the starting date of such reckoning period shall be the later of the date of a properly executed invoice or the date of completion of service and/or delivery of product.

6. **Electronic Funds Transfer (“EFT”).**
   By submitting a Proposal, the Offeror agrees to accept payment by electronic funds transfer unless the State Comptroller’s Office grants an exemption. The selected Contractor shall register using the form attached as Appendix D, the GAD X-10 Contractor EFT Registration Request Form. This form is to be submitted directly to the State Comptroller’s Office at the
address specified on the GAD X-10 form and must include the business identification information as stated on the form and include the reason for the exemption.

7. **Confidentiality.**

7.1. **UMGC’s Information during the Procurement Process:** The selected Contractor may have access to, may obtain, or be given confidential information, including without limitation information concerning the University’s business strategies, political and legislative affairs, students, faculty, employees, vendors, contractors, customer lists, finances, properties, methods of operation, computer and telecommunication systems, and software and documentation. Certain confidential information may be protected under the Family Educational Rights and Privacy Act (“FERPA”), the Gramm-Leach-Bliley Act, and the Maryland Public Information Act. The selected Contractor must have administrative, technical, and physical safeguards to protect the security, confidentiality, and integrity of the University’s confidential information. UMGC may conduct discussions with Offerors in order to evaluate their abilities and responsiveness to the RFP. In order to facilitate the discussions and to allow Offerors to propose responsive solutions to UMGC’s needs and requirements, UMGC is willing to disclose certain confidential information to Offerors, including without limitation information concerning UMGC’s business strategies, political and legislative affairs, students, employees, vendors, contractors, customer lists, finances, properties, methods of operation, computer and telecommunications systems, and software and documentation ("Confidential Information"). By submitting a proposal in response to this RFP, Offerors agree: (i) to use Confidential Information solely for purposes of responding to and discussing the RFP; and (ii) not to disclose, permit or cause use of, or provide access to Confidential Information to any third person or entity. Upon request by UMGC, Offerors may be required to sign a Non-Disclosure Agreement.

7.2. **Offeror’s Information:** Offerors should give specific attention to the identification of those portions of the Proposal that the Offeror deems to be confidential, proprietary information, or trade secrets and provide any justification why such materials, upon request, should not be disclosed by the State under the Access to Public Records Act, State Government Article, Title 10, Subtitle 6, Annotated Code of Maryland. Offerors are advised that, upon request for this information from a third party, the Procurement Officer is required to make an independent determination as to whether the information may or may not be disclosed to the requesting party. That decision will take into consideration the Offeror’s position regarding its Proposal. A blanket statement by a Offeror that its entire Proposal is confidential or proprietary will not be upheld.

8. **Multiple Proposals.**
Multiple proposals will not be accepted.

9. **Contractor Responsibilities and Use of Subcontractors.**
The University shall enter into contractual agreement with the selected Contractor(s) only. The Contractors(s) shall be responsible for all products and/or services required by this RFP. UMGC will not consider Proposals that reflect primary and secondary service providers or a prime/subcontractor relationship. There should be proof of ability of the primary to manage a subcontractor and successfully coordinate the delivery of quality service and support in a timely manner. Subcontractors, if any, shall be identified and a complete description of their
role relative to the proposal shall be included. UMGC’s intent is not to direct the use of any particular subcontractor, however, the Contractor may not contract with any such proposed person or entity to whom UMGC has a reasonable objection. Notification of such objection will be made by UMGC within fifteen (15) days of Contract. The Contractor shall be fully responsible for the acts and omissions of its subcontractors and of persons directly or indirectly employed by them. The use of subcontractors does not relieve the Contractor of liability.

10. **Access to Contractor Records for Quality Assurance and Auditing Purposes.**
The Contractor and its principal subcontractors must provide access to pertinent records by University personnel or its representatives (including internal auditors, external auditors, representatives, and agents) to provide quality assurance and auditing.

11. **Arrearages.**
By submitting a Proposal, an Offeror shall be deemed to represent that it is not in arrears in the payment of any obligation due and owing the State of Maryland, including the payment of taxes and employee benefits and that it shall not become so in arrears during the term of the Contract if selected for Contract Award.

12. **Taxes.**
UMGC is exempt from Federal Excise Taxes, Maryland Sales and Use Taxes, and District of Columbia Sales Taxes and Transportation Taxes, except as noted in applicable sections of COMAR. Exemption Certificates shall be provided upon request. In the instance a Contractor is required to furnish and install material in the construction or improvement of real property in performance of a Contract, the Contractor shall pay the Maryland Sales Tax and the exemption will not apply.

13. **RFP Response Materials.**
All written materials submitted in response to this RFP become the property of UMGC and may be appended to any formal documentation that would further define or expand the contractual relationship between UMGC and the Contractor(s).

14. **Maryland Public Ethics Law, Title 15.**
The Maryland Public Ethics Law prohibits, among other things, State employees or officials (and in some cases, former employees) and businesses in which such an individual is employed or holds a financial interest from: (i) submitting a bid or proposal; (ii) negotiating a contract; and (iii) entering into a contract with the governmental unit with which the individual is affiliated per the Maryland Code Annotated, State Government Article, § 15-502.

If the Offeror has any questions concerning application of the State Ethics law to the Offeror's participation in this procurement, it is incumbent upon the Offeror to seek advice from the State Ethics Commission: The Office of The Executive Director, State Ethics Commission, 9 State Circle, Suite 200, Annapolis, Maryland 21401. For questions regarding the applicability of this provision of the Public Ethics Law, call the State Ethics Commission’s toll-free phone number, 877-669-6085, or see the website, [http://www.ethics.gov.state.md.us](http://www.ethics.gov.state.md.us). The Procurement Officer may refer any issue raised by a Proposal to the State Ethics Commission. The Procurement Officer may require the Offeror to obtain advice from the State Ethics Commission and may reject a Proposal that would result in a violation of the Ethics law.
A resulting Contract is cancelable in the event of a violation of the Maryland Public Ethics Law by a Contractor or any State of Maryland employee in connection with this procurement.

15. **Assistance in Drafting.**
Under the State Government Article, § 15-508 of the Annotated Code of Maryland, an individual or person who employs an individual who assists an executive unit in drafting specifications, an invitation for bids, a request for proposals for a procurement, or the selection or award made in response to an invitation for bids or request for proposals may not submit a bid or proposal for that procurement or assist or represent another person, directly or indirectly, who is submitting a bid or proposal for that procurement. For questions regarding the applicability of this provision of the Public Ethics Law, call the State Ethics Commission’s toll-free phone number, 877-669-6085, or see the website, [http://www.ethics.gov.state.md.us](http://www.ethics.gov.state.md.us).

16. **Addenda Acknowledgment.**
Offerors must acknowledge in writing the receipt of any and all addenda, amendments, and/or changes issued. Such acknowledgement must be included in the Technical Proposal.

17. **Duration of Offers.**
Proposals (consisting of a Technical Proposal and, if applicable, a Price Proposal) shall remain irrevocable for 120 days following the closing date of the Price Proposal due date. This period may be extended by mutual agreement between the Offeror and the University.

18. **Minority Business Enterprises.**
Minority Business Enterprises (MBE) are strongly encouraged to respond to this Solicitation notice. If a sub-contracting goal and/or subgoals has been set in Section I of the Solicitation, refer to Appendix M for further information regarding required process and documentation.

19. **Living Wage Requirements.**
A Solicitation for services under a State contract valued at $100,000 or more may be subject to Maryland’s Living Wage requirement, located at Maryland Code Annotated, State Finance and Procurement Article, Title 18, §§ 18-101 through 18-109. Additional information regarding the Living Wage requirement is contained in Appendix E, if applicable to this Solicitation. An Offeror that fails to submit and complete the Affidavit of Agreement contained in Appendix E, if applicable, may be deemed not responsible by the Issuing Office.

20. **Conflict of Interest.**
The Contractor awarded the Contract shall provide the specified services for UMGC, and must do so impartially, and without any conflicts of interest. If the Procurement Officer makes a determination that facts or circumstances exist that give rise to or could in the future give rise to a conflict of interest within the meaning of COMAR 21.05.08.08A, the Procurement Officer may reject a Contractor’s Proposal under COMAR 21.06.02.03B. Contractors should be aware that the State Ethics Law, State Government 15-508, might limit the selected Contractor’s ability to participate in future related procurements, depending upon specific circumstances. Refer to Paragraphs 15 and 16 above. By submitting a response to the Solicitation, the Contractor affirms its understanding and compliance with this clause.
