SECTION I. GENERAL INFORMATION

1. Summary.

1.1. Solicitation: The intent of this Request for Proposals (“RFP” or “Solicitation”) is to provide professional landscaping firms (“Contractor”, “Proposer”) an opportunity to present their qualifications, experience, and conceptual approach to providing the scope of services (“Services”) in relation to the needs of the University of Maryland Global Campus (“UMGC” or “University”). Proposals that concisely present the information requested in the order and manner requested will be considered more favorably than a Proposal (“Proposal” or “Offer”) from an Offeror of commensurate qualifications that displays a lack of organization, conciseness or attention to detail.

1.2. Small Business Reserve. This is a Small Business Reserve Procurement for which award will be limited to Certified Small Business vendors. Only vendors that meet the statutory requirements set forth in State Finance and Procurement Article Subsections 14-501 – 14-505, Annotated Code of Maryland, and who are registered with the Department of General Services Small Business Reserve Program are eligible for award of a contract. Proposing firms must be certified by the State of Maryland and such a certification needs to be submitted to UMGC to be eligible to receive the award. Refer to Appendix F. 3. **Modifications of Technical Proposal.**

Offerors may modify their Technical Proposals by submitting documentation via e-mail to the Box email address at any time prior to the due date and time, provided that the Issuing Office is satisfied that a written confirmation of the modification with the signature of the Offeror was emailed to the Procurement Officer prior to the Proposal due date and time. Technical Proposals may not be modified, supplemented, cured, or changed in any way after the due date and time, unless specifically requested by the University.
SECTION III

ARTICLE 2. TECHNICAL EVALUATION PROCESS

1. Qualifying Proposals.

1.1 Procurement Officer Review: The Procurement Officer shall first review each Technical Proposal for compliance with the mandatory requirements of this RFP (i.e., susceptibility of award). Failure to comply with any mandatory requirement will normally disqualify a Proposal. The University reserves the right to waive a mandatory requirement when it is in its best interest to do so and when permitted by law.

1.2 Evaluation and Selection Committee: All Qualifying Proposals will be reviewed by a UMGC Evaluation and Selection Committee (the “Committee”) established by the Procurement Officer. As the procurement progresses, the Committee may seek input from other appropriate UMGC staff or request additional technical assistance from any other source.

2.1 Initial Technical Evaluation: Following the Procurement Officer’s qualifying review, the Committee shall conduct its evaluation of the technical merit of the Proposals in accordance with the Evaluation Criteria listed in Article 1, § 2, above. Minor irregularities contained in Proposals, which are immaterial or inconsequential in nature, may be waived wherever it is determined to be in the University’s best interest and when permitted by law. The decision for progressing in the procurement process will be made based on the strengths, weaknesses, advantages, and deficiencies that the Technical Proposals represent.

2.2 Shortlisting: In accordance with the Evaluation Criteria set forth in Article 1, § 2, a shortlist may be developed based on the Initial Technical Evaluation results. All Offerors will be notified of the results as they pertain to their respective Technical Proposal.

3. Oral Presentations/Discussion Sessions - TBD

3.1 Purpose: Based on the Evaluation Committee’s Initial Technical Evaluation, the University may invite, without cost to itself, the shortlisted Offerors to a virtual presentation/discussion session (“Discussion Session”). The purposes of the Discussion Session are as follows:

(i) To provide the Offeror the opportunity to demonstrate its product;
(ii) To discuss/clarify any and all aspects of the Technical Proposal, in particular the proposed product, cost model options, approach/methodologies, implementation process, schedule, staffing of the contract, and ongoing support of the product and other applicable professional services;
(iii) To allow the University to meet the Offeror's key personnel and for these personnel to convey directly their experience and expertise in the proposed product and its implementation; and
(iv) To provide an opportunity to clarify the scope of services for the intended contract and discuss any items addressed in the Technical Proposal that may require additional clarification.
3.2 **Format:** The Discussion Session will be informal, as the University is not interested in a sales presentation by executives and business development staff; rather, the University is requesting a discussion of the proposed solution via a virtual discussion with each of the shortlisted Offerors. It is important that those key personnel who are proposed to be assigned to the University fully participate in the virtual presentation and discussion. Ample time will be available for the University and the Offeror to ask questions and discuss issues and concerns related to the services, the scope of the services, and the Offeror’s capabilities and qualifications. We anticipate that the Discussion Session will be approximately sixty minutes in length.

Each shortlisted Offeror will be required to have the following key personnel attend the virtual session. Principal in Charge, UMGC’s Account Representative (Primary point of contact to be assigned to UMGC for the duration of the project). Following the Discussion Session, additional follow-up, clarification documentation may be requested of each Offeror.

3.3 **Date:** The times and dates for the Discussion Session(s) will be set upon completion of the Initial Technical Evaluation; however, it is anticipated that the Discussion Session(s) will be conducted as virtual meetings on the times and dates listed per the Solicitation Schedule, as well as on the cover of this RFP. Offerors are therefore advised to set this(ese) date(s) aside in its (their) entirety on the calendars of the appropriate key personnel.

4. **Second Phase Technical Evaluation.**

4.1 **Criteria:** Following the Discussion Session held with shortlisted Offerors, a Second Phase Technical Evaluation will be conducted. The Evaluation Committee will re-evaluate all criteria of the Technical Proposals of shortlisted Offerors, incorporating assessments of the Discussion Session and outcomes of reference checks. The University reserves the right to make a determination that an Offeror is not shortlisted prior to completing reference checks. The order of Evaluation Criteria remains the same.

4.2 **Process:** Further shortlists may result as the procurement progresses. At each phase of the process, those firms that do not remain shortlisted will not progress in the procurement. All Offerors will be notified of the results of the Technical Evaluation as they pertain to their respective Technical Proposals. It is UMGC’s intent to incorporate references prior to establishing the final shortlist of proposals. Once a final shortlist of proposals is established, the Committee will rank the remaining Technical Proposals from highest to lowest.
SECTION III
ARTICLE 3. PRICE PROPOSALS

1. Submission.

The Price Proposal is to be provided to the Issuing Office in accordance with the Solicitation Schedule. All proposers shall submit their Price Proposal via email to the UMGC Box address provided below no later than the date and time indicated in the Solicitation Schedule. File names for the documents are to include the RFP number and the Proposer’s name.

</table>

It is suggested that Proposers copy and paste the Box email address.

PLEASE NOTE: The cumulative size of the message body and attachments (including signature) cannot exceed 50 MB. If any attachments containing additional pricing information exceed the Box document limitation, proposers must notify the Issuing Office prior to the due date and time.

Proposers shall allow sufficient time in submitting the Price Proposal to ensure timely receipt by the Issuing Office via the Box site. Proposers should receive an automatically generated verification from Box when the file has successfully uploaded. Proposers that do not receive verification should immediately contact the Issuing Office to confirm that their response has been received. Proposals or unsolicited amendments to proposals arriving after the due date and time will not be considered.

No pricing is to be provided in the Technical Proposal submittal; therefore, the Price Proposal MUST be emailed separately from the Technical Proposal to the Box address for the Price Proposal submission. Failure to provide the Price Proposal separately may disqualify the Offeror’s Proposal from progressing in the procurement.

2. Content.

The Price Proposal should consist of quoting fees for each year. Refer to Attachment B – Pricing Form.

3. Evaluation.

Price Proposals will be evaluated based on the total cost of the products and/or services requested above. The University may elect to request Best and Final Price Proposals (BAFO’s).

The Committee will establish a financial ranking of the final Price Proposals from lowest to highest total offers.
SECTION III

ARTICLE 4. FINAL EVALUATION, RANKING AND SELECTION

1. **Recommendation of Award or Further Discussions.**

   The Committee may recommend an Offeror for contract award based upon the Offeror’s Technical Proposal and Price Proposal without further discussion. However, should the Committee find that further discussion would benefit the University and the State of Maryland, the Committee may recommend such discussions to the Procurement Officer. Should the Procurement Officer determine that further discussion would be in the best interest of the University and the State, the Procurement Officer shall establish procedures and schedules for conducting discussions and will notify responsible Offerors.

2. **Final Ranking and Selection.**

   2.1 **Process:** Following evaluation of the Technical Proposals and the Price Proposals (and Best and Final Offers, if applicable), the Evaluation and Selection Committee will make an initial overall ranking of the Proposals and recommend to the Procurement Officer the award of the contract(s) to the Offeror whose Proposal(s) is (are) determined to be the most advantageous to the University and the State of Maryland. The decision of the award(s) of the Contract will be made at the discretion of the Procurement Officer and will depend on the facts and circumstances of the procurement. All Offerors will be notified of the award(s) selection.

   2.2 **Basis for Award:** Technical merit will have a greater weight than cost in the final ranking. Award may be made to the Offeror with a higher technical ranking even if its Price Proposal is not the lowest. The Procurement Officer retains the discretion to examine all factors to determine the award of the contract. The goal is to contract with the Offeror(s) that would best meet the needs of the University as set forth in the RFP.

   2.3 **Negotiations:** The University may select for award one or more Offeror(s) to negotiate the terms and conditions of the Contract. The University reserves the right to make an award with or without negotiation.

3. **Debriefing.**

   3.1 **Request:** Unsuccessful Offerors may request a debriefing. A request must be submitted in writing to the Procurement Officer within ten (10) days after the date on which Offeror knows, or should have known, that its Proposal was unsuccessful. Debriefings shall be conducted at the earliest feasible time.

   3.2 **Discussion:** Debriefings shall be limited to discussion of the Offeror’s Proposal only and shall not include a discussion of a competing Offeror’s Proposal. The debriefing may include information on areas in which the unsuccessful Offeror’s Proposal was deemed weak or insufficient. The debriefing may not include discussion or dissemination of the thoughts, notes, or ranking from an individual Evaluation Committee Member. A summary of the Procurement Officer’s rationale for the selection may be given.

This MBE Utilization and Fair Solicitation Affidavit must be completed and included with the Technical proposal. If the Bidder or Offeror fails to complete and submit this Affidavit with the bid or proposal as required, the Procurement Officer shall deem the bid non-responsive or shall determine that the proposal is not reasonably susceptible of being selected for award. THIS IS NON-CURABLE.

In connection with the bid/proposal submitted in response to Solicitation No. _______, I affirm the following:

1. MBE Participation (PLEASE CHECK ONLY ONE)

☐ I acknowledge and intend to meet IN FULL both the overall certified Minority Business Enterprise (MBE) participation goal of _____ percent and all of the following subgoals:

   - _____ percent for Hispanic American-owned MBE firms
   - _____ percent for Asian American-owned MBE firms
   - _____ percent for Women-owned MBE firms

Therefore, I am not seeking a waiver pursuant to COMAR 21.11.03.11. I acknowledge that by checking the above box and agreeing to meet the stated goal and subgoal(s), if any, I must complete Part A-3 - MBE Participation Schedule in order to be considered for award.

OR

☐ I conclude that I am unable to achieve the MBE participation goal and/or subgoals. I hereby request a waiver, in whole or in part, of the overall goal and/or subgoals. I acknowledge that by checking this box and requesting a partial waiver of the stated goal and/or one or more of the stated subgoal(s) if any, I must complete Part A-3, the MBE Participation Schedule for the portion of the goal and/or subgoal(s) if any, for which I am not seeking a waiver, in order to be considered for award.

Additional MBE Documentation

I understand that if I am notified that I am the apparent awardee or as requested by the Procurement Officer, I must submit the following documentation within 10 working days of receiving notice of the potential award or from the date of conditional award (per COMAR 21.11.03.10), whichever is earlier:

(d) Any other documentation, including additional waiver documentation if applicable, required by the Procurement Officer to ascertain bidder or offeror responsibility in connection with the certified MBE participation goal and subgoals, if any.

I understand that if I fail to return each completed document within the required time, the Procurement Officer may determine that I am not responsible and therefore not eligible for contract award. If the contract has already been awarded, the award is voidable.

Information Provided to MBE firms

In the solicitation of subcontract quotations or offers, MBE firms were provided not less than the same information and amount of time to respond as were non-MBE firms.
I solemnly affirm under the penalties of perjury that: (i) I have reviewed the instructions for the MBE Utilization & Fair Solicitation Affidavit, and (ii) the information contained in the MBE Utilization & Fair Solicitation Affidavit is true to the best of my knowledge, information and belief.

- Addendum __ dated ______
- Addendum __ dated ______
- Addendum __ dated ______
- Addendum __ dated ______

We confirm that this Price Proposal is based on the Requirements per the RFP and any subsequent addenda as noted above.

Having received clarification on all matters upon which any doubt arose, the undersigned proposes to provide services as described in this RFP and subsequent Addenda as noted above. By signing and submitting this response, undersigned hereby agrees to all the terms and conditions of this RFP including any issued addenda. Proposers are cautioned to verify their final proposals prior to submission, as UMGC cannot be responsible for Proposer’s errors or omissions. Any price proposal that has been accepted by UMGC may not be withdrawn by the contractor.

A. Attached to this Price Proposal Form is the Pricing Proposal form – Attachment B

The University will consider adjustments to labor rates only based upon federal minimum wage increases, increases in Maryland Living Wage, and increases in the Consumer Price Index (CPI), as published by the Bureau of Labor Standards in February of the appropriate year (i.e., for 7/1/19 renewal the University will look at the CPI published for February 2019, and so on). Requested increases above a 5% cap will not be considered. In order to receive consideration for a price increase, the Contractor must submit a request in writing to the UMGC Procurement Office sixty (60) days prior to the end of the term. The request must specify any change in the hourly labor rate wage to be paid to employees during the renewal term. The University will not consider late requests for adjustments to the hourly rate. Increases that are cumulative for prior years will not be considered.

We understand that by submitting a proposal we are agreeing to the terms and conditions included in the RFP documents, and that the Bid/Proposal Affidavit submitted as part of the technical proposal remains in effect.
The evaluation and subsequent final ranking of proposals will be in accordance with the RFP documents. We understand that technical weighs greater than financial.

We understand that the University reserves the right to award a contract (or contracts) for all items, or any parts thereof, as set forth in detail under the information furnished in the RFP document. We further confirm that the Account Representative(s) and any other Key People named within our Technical Proposal will be assigned to the UMGC Contract for the duration of this Contract. We understand that no changes in these assignments will be allowed without written authorization from the University via contract amendment prior to such changes being made.

6.2 Contractor agrees to defend upon request and indemnify and hold harmless UMGC, its officers, agents and employees with respect to any claim, action, cost or judgment for patent infringement, or trademark or copyright violation arising out of purchase or use of materials, software, supplies, equipment or services under this Contract.

7. CONFIDENTIAL INFORMATION

7.1 Contractor acknowledges and understands that in connection with this Contract, the performance of the Services and otherwise, Contractor has had or shall have access to, has obtained or shall obtain, or has been or shall be given the University’s Confidential Information (as defined herein). For purposes of this Contract, “Confidential Information” means all information provided by the University to Contractor, including without limitation information concerning the University’s business strategies, political and legislative affairs, students, employees, vendors, contractors, student records, customer lists, finances, properties, methods of operation, computer and telecommunications systems, and software and documentation. Confidential Information includes information in any and all formats and media, including without limitation oral, and includes the originals and any and all copies and derivatives of such information.
7.2 Contractor shall use the Confidential Information only if and when required for the performance of the Services, and for no other purpose whatsoever, and only by Contractor employees engaged in that performance.

7.3 Contractor shall not, in any manner whatsoever, disclose, permit access to, or allow use of Confidential Information to any person or entity except as specifically permitted or required under this Contract.

7.4 Contractor acknowledges and understands that UMGC is required to protect certain Confidential Information from disclosure under applicable law, including but not limited to, the Family Educational Rights and Privacy Act (“FERPA”), the Gramm Leach Bliley Act (“GLBA”), or the Maryland Public Information Act (“PIA”), including regulations promulgated there under, as the laws and regulations may be amended from time to time (collectively the “Privacy Laws”). The Confidential Information that is protected under FERPA was provided to the Contractor as it is handling an institution service or function that would ordinarily be performed by UMGC’s employees. The Contractor agrees that it shall be obligated to protect the Confidential Information in its possession or control in accordance with the Privacy Laws to the same extent as UMGC would be obligated if the Confidential Information was in the possession or control of UMGC. The Contractor further agrees that it is subject to the requirements governing the use and re-disclosure of personally identifiable information from education records as provided in FERPA.

7.5 Contractor may disclose Confidential Information as required by legal process. If Contractor is required by legal process to disclose Confidential Information, Contractor shall immediately notify the University, and before disclosing such information shall allow UMGC reasonable time to take appropriate legal action to prevent disclosure of the Confidential Information.

7.6 Contractor’s obligations with respect to Confidential Information shall survive the expiration or the termination of this Contract.

7.7 Contractor acknowledges that Contractor’s failure to comply fully with the restrictions placed upon use, disclosure and access to Confidential Information may cause the University grievous irreparable harm and injury. Therefore, any failure to comply with the requirements of this Article 7 shall be a material breach of this Contract.

7.8 Contractor agrees and acknowledges that it is not the custodian of any Confidential Information that may be in Contractor’s possession or control. Contractor shall forward any request for disclosure of Confidential Information to:

Office of Legal Affairs
University of Maryland Global Campus
3501 University Boulevard East
Adelphi, MD 20783

7.9 Except to the extent otherwise required by applicable law or professional standards, the obligations under this section do not apply to information that (a) is or becomes generally known to the public, other than as a result of disclosure by Contractor, (b) had been previously possessed by Contractor without restriction against disclosure at the time of receipt by Contractor, (c) was independently developed by Contractor without violation of this Contract, or (d) Contractor and the University agree in writing to disclose. Contractor shall be deemed
to have met its nondisclosure obligations under this section as long as it exercises the same level of care to protect the Confidential Information as it exercises to protect its own confidential information, except to the extent that applicable law or professional standards impose a higher requirement.

7.10 All Confidential Information received by Contractor shall be returned to the University or destroyed upon completion or termination of this Contract.

8. **RELATIONSHIP OF THE PARTIES**

8.1 Nothing in this Contract shall be construed to establish a relationship of servant, employee, partnership, association, or joint venture between the parties. Neither party shall bind or attempt to bind the other to any contract, warranty, covenant or undertaking of any nature whatsoever unless previously specifically authorized in writing in each instance. Nothing in this Contract is intended to create a joint employment relationship.

8.2 It is understood and agreed that Contractor is an independent contractor of the University, and not an employee. Except as set forth in this Contract, the University will not withhold income taxes, social security or any other sums from the payments made to Contractor hereunder. All employees or contractors of Contractor shall in no way be considered employees of the University, but rather they shall be employees or contractors of Contractor, and Contractor shall bear full responsibility for compensating those persons and for the performance of the Services by way of them.

8.3 Each party reserves the right to review all press releases or other public communications of the other party that may affect the party’s public image, programs or operations.

9. **DISTRIBUTION OF RISK**

9.1 Contractor shall maintain in full force and effect adequate insurance coverage to protect against the risks associated with the performance of Services under this Contract. Contractor shall also maintain in full force and effect workers’ compensation insurance as required by the laws of the jurisdiction in which the Services are performed. Upon request, Contractor shall provide the University with evidence of such insurance.

9.2 Contractor shall indemnify and hold harmless the University and the State of Maryland, their officers, employees, and agents, from any and all costs (including without limitation reasonable attorneys’ costs and cost of suit), liabilities, claims, or demands arising out of or related to Contractor’s performance under this Contract. The University agrees to notify Contractor promptly of any known liabilities, claims, or demands against the University for which Contractor is responsible hereunder, and Contractor agrees to at UMGC’s request defend the University or settle any such liabilities, claims, or demands.

9.3 Neither party shall be liable to the other for indirect, consequential, incidental, punitive, exemplary, or special damages, or losses, including without limitation lost profits and opportunity costs.

10. **GENERAL TERMS AND CONDITIONS**
10.1 **Termination for Default.** If the Contractor fails to fulfill its obligation under this Contract properly and on time, or otherwise violates any provision of the Contract, the University may terminate the Contract by written notice to the Contractor. The notice shall specify the acts or omissions relied upon as cause for termination. The University will provide Contractor a reasonable opportunity, not to exceed 10 business days, to cure the act or omission, provided such opportunity to cure does not extend the deadline for any deliverables and does not cause the University further damage. All finished or unfinished work provided by the Contractor, to which the University is entitled pursuant to this Contract shall become the University's property. The University shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by Contractor's breach. If the damages are more than the compensation payable to the Contractor, the Contractor will remain liable after termination and the University can affirmatively collect damages. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of USM Procurement Policies and Procedures.

10.2 **Termination for Convenience.** The performance of work under this Contract may be terminated by the University in accordance with this clause in whole, or from time to time in part, whenever the University shall determine that such termination is in the best interest of the University. The University will pay all reasonable costs associated with this Contract that the Contractor has incurred up to the date of termination and all reasonable costs associated with termination of the Contract. However, the Contractor shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of the USM Procurement Policies and Procedures.

10.3 **Delays and Extension of Time.** The Contractor agrees to prosecute the work continuously and diligently and no charges or claims for damages shall be made by it for any delays or hindrances from any cause whatsoever during the progress of any portion of the work specified in this Contract. Time extensions will be granted only for excusable delays that arise from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to, acts of God, acts of public enemy, acts of the State in either its sovereign or contractual capacity, acts of another Contractor in the performance of a contract with the State or the University, changes in law or regulation, action by government or other competent authority, fires, earthquakes, floods, epidemics, quarantine restrictions, strikes, freight embargoes, malicious or criminal acts of third parties, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of either the Contractor or the subcontractors or suppliers.

10.4 **Suspension of Work.** The Procurement Officer unilaterally may order the Contractor in writing to suspend, delay, or interrupt all or any part of its performance for such period of time as the Procurement Officer may determine to be appropriate for the convenience of the University.

10.5 **Subcontracting and Assignment.**

10.5.1 The Contractor may not subcontract any portion of the Services provided under this Contract without obtaining the prior written approval of the University nor may the Contractor assign this Contract or any of its rights or obligations hereunder, without the prior written approval of UMGC. The University shall not be responsible for the fulfillment of the Contractor’s obligations to subcontractors. Any such subcontract shall be subject to any terms
and conditions that UMGC deems necessary to protect its interests. Contractor shall remain responsible for performance of all Services under this Contract and shall be subject to liability to the University for acts and omissions of subcontractors.

10.5.2 Neither party may assign this Contract without the prior written consent of the other party, which consent shall not be unreasonably withheld, except that Contractor may assign this Contract to any parent, subsidiary, affiliate or purchaser of all or substantially all its assets with notice to the University. Contractor may designate a third party to receive payment without the University’s prior written consent unless in conflict with Maryland or federal law but shall provide the University with notification thereof.

10.6 Maryland Law Prevails. This Contract, and all claims arising out of or relating to this Contract, shall be governed in all respects by the laws of the State of Maryland, without reference to its conflicts of laws rules.

10.7 Contract Integration and Modification. This Contract and the documents incorporated herein form the entire agreement of the parties with respect to the subject matter of this procurement, and supersede all prior negotiations, agreements and understandings with respect thereto. This Contract may be amended with the written consent of both parties. Amendments may not significantly change the scope of the Contract.

10.8 No Third-Party Beneficiaries. This Agreement is only for the benefit of the undersigned parties and their permitted successors and assigns. No one shall be deemed to be a third-party beneficiary of this Agreement.

10.9 Notices. Notices under this Contract will be written and will be considered effective upon personal delivery to the person addressed or five (5) calendar days after deposit in any U.S. mailbox, first class (registered or certified) and addressed to the other party as follows:

The effect of termination of the Contract hereunder will be to discharge both the Contractor and the University from future performance of the Contract, but not from their rights and obligations existing at the time of termination.

The Contractor shall be reimbursed for the reasonable value of any non-recurring costs incurred but not amortized in the price of the Contract. Additional information regarding the State’s Living Wage requirement is contained in the following section entitled Living Wage Requirements for Service Contracts. If the Offeror fails to complete and submit the required Living Wage documentation, the State may determine an Offeror to be not responsible.

As of 9/28/2020, Contractors and Subcontractors subject to the Living Wage Law shall pay each covered employee at least $14.42 per hour, if State contract services valued at 50% or more of the total value of the contract are performed in the Tier 1 Area. ☐ A subgoal of ____ percent of the total contract dollar amount to be allocated to certified minority business enterprises classified as _______________-owned businesses.

☐ A subgoal of ____ percent of the total contract dollar amount to be allocated to certified minority business enterprises classified as _______________-owned businesses.

By submitting a response to this solicitation, the bidder or offeror agrees that these percentages of the total dollar amount of the contract will be performed by certified minority business enterprises as specified.

♦ A prime contractor — including an MBE prime contractor — must accomplish an amount of work not less than the MBE subcontract goal with certified MBE subcontractors.

♦ A prime contractor comprising a joint venture that includes MBE partner(s) must accomplish the MBE subcontract goal with certified MBE subcontractors.
III. TECHNICAL PROPOSAL REQUIREMENTS

A bidder or offeror must include with its TECHNICAL PROPOSAL a completed and signed **MBE Utilization and Fair Solicitation Affidavit (Attachment A-2)** whereby the bidder or offeror acknowledges the certified MBE participation goal or requests a waiver, commits to make a good faith effort to achieve the goal, and affirms that MBE subcontractors were treated fairly in the solicitation process.

*If a bidder or offeror fails to submit the completed Attachment A-2 with the bid or offer as required, the Procurement Officer shall deem the bid non-responsive or shall determine that the offer is not reasonably susceptible of being selected for award. THIS IS NON-CURABLE.*

IV. PRICE PROPOSAL REQUIREMENTS

A bidder or offeror must include with its Price Proposal, a completed and signed **MBE Participation Schedule (Attachment A-3)** whereby the bidder or offeror responds to the expected degree of Minority Business Enterprise participation as stated in the solicitation, by identifying the specific commitment of certified MBEs at the time of submission of the Price Proposal. *If a bidder or offeror fails to submit the completed and signed Attachment A-3 with its Price Proposal as required, the Procurement Officer shall deem the bid non-responsive or shall determine that the offer is not reasonably susceptible of being selected for award. THIS IS NON-CURABLE.*

V. NOTICE OF CONTRACT AWARD: Within 10 working days from notification that it is the apparent awardee or from the date of the actual award, whichever is earlier, the apparent awardee must provide the following documentation to the Procurement Officer:

1. **Outreach Efforts Compliance Statement** (Attachment B)
2. **Subcontractor Project Participation Statement** (Attachment C)
3. **MBE Prime Contractor Project Participation Statement** (Attachment D), if applicable.
4. If the apparent awardee believes a waiver (in whole or in part) of the overall MBE goal or of any subgoal is necessary, it must submit a fully documented waiver request that complies with COMAR 21.11.03.11.
5. Any other documentation required by the Procurement Officer to ascertain bidder or offeror responsibility in connection with the certified MBE participation goal.

*If the apparent awardee fails to return each completed document within the required time, the Procurement Officer may determine that the apparent awardee is not responsible and therefore not eligible for contract award. If the contract has already been awarded, the award is voidable.*

VI. CONTRACT ADMINISTRATION REQUIREMENTS
Contractor shall:

1. Submit monthly via email to the MBE Liaison, Pamela Welzenbach
   (Pamela.Welzenbach@umgc.edu) a report listing any unpaid invoices, over 30 days old, received from any certified MBE subcontractor, the amount of each invoice and the reason payment has not been made. If the Contractor is an MBE Prime Contractor, also submit monthly reports to the MBE Liaison identifying the invoices and value of the work being self-performed for purposes of meeting the MBE participation goal/subgoals.

2. Include in its agreements with its certified MBE subcontractors a requirement that those subcontractors submit monthly to the Department a report that identifies the prime contract and lists all payments received from Contractor in the preceding 30 days, as well as any outstanding invoices, and the amount of those invoices.

3. Maintain such records as are necessary to confirm compliance with its MBE participation obligations. These records must indicate the identity of certified minority and non-minority subcontractors employed on the contract, the type of work performed by each, and the actual dollar value of work performed. Subcontract agreements documenting the work performed by all MBE participants must be retained by the Contractor and furnished to the Procurement Officer on request.

4. Consent to provide such documentation as reasonably requested and to provide right-of-entry at reasonable times for purposes of the State’s representatives verifying compliance with the MBE participation obligations. Contractor must retain all records concerning MBE participation and make them available for State inspection for three years after final completion of the contract.

5. At the option of the procurement agency, upon completion of the contract and before final payment and/or release of retainage, submit a final report in affidavit form and under penalty of perjury, of all payments made to, or withheld from MBE subcontractors.

MBE UTILIZATION AND FAIR SOLICITATION AFFIDAVIT & MBE PARTICIPATION SCHEDULE

PART A-1 - INSTRUCTIONS
PLEASE READ BEFORE COMPLETING THIS DOCUMENT

This form includes Instructions and the MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule which must be submitted with the bid/proposal. If the bidder/offeror fails to accurately complete and submit this Affidavit and Schedule with the bid or proposal, the Procurement Officer shall deem the bid non-responsive or shall determine that the proposal is not reasonably susceptible of being selected for award.

1. Contractor shall structure its procedures for the performance of the work required in this Contract to attempt to achieve the minority business enterprise (MBE) subcontractor participation goal stated in the Invitation for Bids or Request for Proposals. Contractor agrees to exercise good faith efforts to carry out the requirements set forth in these Instructions, as authorized by the Code of Maryland Regulations (COMAR) 21.11.03.

2. MBE Goals and Subgoals: Please review the solicitation for information regarding the Contract’s MBE overall participation goals and subgoals. After satisfying the requirements for any established subgoals, the Contractor is encouraged to use a diverse group of subcontractors and suppliers from the various MBE classifications to meet the remainder of the overall MBE participation goal.

3. MBE means a minority business enterprise that is certified by the Maryland Department of Transportation (“MDOT”). Only MBEs certified by MDOT may be counted for purposes of achieving the MBE participation goals. In order to be counted for purposes of achieving the MBE participation goals, the MBE firm, including a MBE prime, must be MDOT-certified for the services, materials or supplies that it is committed to perform on the MBE Participation Schedule. A firm whose MBE certification application is pending may not be counted.

4. Please refer to the MDOT MBE Directory at https://mbe.mdot.maryland.gov/directory/ to determine if a firm is certified with the appropriate North American Industry Classification System (“NAICS”) code and the product/services description (specific product that a firm is certified to provide or specific areas of work that a firm is certified to perform). For more general information about NAICS codes, please visit https://www.census.gov/eos/www/naics/. Only those specific products and/or services for which a firm is certified in the MDOT Directory can be used for purposes of achieving the MBE participation goals. CAUTION: If the firm’s NAICS code is in graduated status, such services/products may not be counted for purposes of achieving the MBE participation goals. A NAICS code is in the graduated status if the term “Graduated” follows the code in the MDOT MBE Directory.

5. Guidelines Regarding MBE Prime Self-Performance. Please note that when a certified MBE firm participates as a prime contractor on a Contract, a procurement agency may count the distinct, clearly defined portion of the work of the Contract that the certified MBE firm performs with its own workforce toward fulfilling up to, but no more than, fifty-percent (50%) of the overall MBE participation goal, including up to one hundred percent (100%) of not more than one of the MBE participation subgoals, if any, established for the Contract.

✓ In order to receive credit for self-performance, an MBE prime must be certified in the appropriate NAICS code to do the work and must list its firm in the MBE
Participation Schedule, including the certification category under which the MBE prime is self-performing and include information regarding the work it will self-perform.

✓ For the remaining portion of the overall goal and the remaining subgoals, the MBE prime must also identify on the MBE Participation Schedule the other certified MBE subcontractors used to meet those goals or request a waiver.

✓ These guidelines apply to the work performed by the MBE Prime that can be counted for purposes of meeting the MBE participation goals. These requirements do not affect the MBE Prime’s ability to self-perform a greater portion of the work in excess of what is counted for purposes of meeting the MBE participation goals.

✓ Please note that the requirements to meet the MBE participation overall goal and subgoals are distinct and separate. If the contract has subgoals, regardless of MBE Prime’s ability to self-perform up to 50% of the overall goal (including up to 100% of any subgoal), the MBE Prime must either commit to use other MBEs for each of any remaining subgoals or request a waiver.

✓ In certain instances where the percentages allocated to MBE participation subgoals add up to more than 50% of the overall goal, the portion of self-performed work that an MBE Prime may count toward the overall goal may be limited to less than 50%. Please refer to the Governor’s Office of Small Minority & Women Business Affairs’ website for the MBE Prime Regulations Q&A for illustrative examples. http://www.goMDsmallbiz.maryland.gov/Documents/MBE_Toolkit/MBEPrimeRegulations_QA.pdf

6. Subject to items 1 through 5 above, when a certified MBE performs as a participant in a joint venture, a procurement agency may count a portion of the total dollar value of the Contract equal to the distinct, clearly-defined portion of the work of the Contract that the certified MBE performs with its own forces toward fulfilling the Contract goal, and not more than one of the Contract subgoals, if any.

7. The work performed by a certified MBE firm, including an MBE prime, can only be counted towards the MBE participation goal(s) if the MBE firm is performing a commercially useful function on the Contract. Please refer to COMAR 21.11.03.12-1 for more information regarding these requirements.
8. **Materials and Supplies: New Guidelines Regarding MBE Participation.**

- **Regular Dealer**: (generally identified as a wholesaler or supplier in the MDOT Directory): Up to 60% of the costs of materials and supplies provided by a certified MBE may be counted towards the MBE participation goal(s) if such MBE is a Regular Dealer of such materials and supplies. Regular Dealer is defined as a firm that owns, operates, or maintains a store, a warehouse, or any other establishment in which the materials, supplies, articles, or equipment are of the general character described by the specifications required under the contract and are bought, kept in stock, or regularly sold or leased to the public in the usual course of business; and does not include a packager, a broker, a manufacturer's representative, or any other person that arranges or expedites transactions.

  **Example for illustrative purposes of applying the 60% rule**

  Overall contract value: $2,000,000  
  Total value of supplies: $100,000

  Calculate Percentage of Supplies to overall contract value:  
  $100,000 divided by $2,000,000 = 5%

  **Apply 60% Rule - Total percentage of Supplies/Products 5% x 60% = 3%**

  3% would be counted towards achieving the MBE Participation Goal and Subgoal, if any, for the MBE supplier in this example.

- **Manufacturer**: A certified MBE firm's participation may be counted in full if the MBE is certified in the appropriate NAICS code(s) to provide products and services as a manufacturer.

- **Broker**: With respect to materials or supplies purchased from a certified MBE that is neither a manufacturer nor a regular dealer, a unit may apply the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, fees, or transportation charges for the delivery of materials and supplies required on a procurement toward the MBE contract goals, provided a unit determines the fees to be reasonable and not excessive as compared with fees customarily allowed for similar services. A unit may not apply any portion of the costs of the materials and supplies toward MBE goals.

- **Furnish and Install and other Services**: The participation of a certified MBE supplier, wholesaler, and/or regular dealer certified in the proper NAICS code(s) to furnish and install materials necessary for successful contract completion may be counted in full. Includes the participation of other MBE service providers in the proper NAICS code(s) may be counted in full.

9. **Dually certified firms**. An MBE that is certified in more than one subgroup category may only be counted toward goal fulfillment of ONE of those categories with regard to a particular contract.

  Example: A woman-owned Hispanic American (dually certified) firm may be used to fulfill the women-owned OR Hispanic American subgoal, but not both on the same contract.

10. **CAUTION**: The percentage of MBE participation, computed using the percentage amounts determined for all of the MBE firms listed in Part A-3, MUST meet or exceed the MBE participation goal and subgoals (if applicable) as set forth in Part A-2 for this solicitation. If a bidder/offeror is unable to meet the MBE participation goal or any subgoals (if applicable), then the bidder/offeror must request a waiver in Part A-2 or the bid will be
deemed not responsive, or the proposal not reasonably susceptible of being selected for award.

11. If you have any questions as to whether a firm is certified to perform the specific services or provide specific products, please contact MDOT’s Office of Minority Business Enterprise at 1-800-544-6056 or via email to mbe@mdot.state.md.us sufficiently prior to the submission due date.

Total African American MBE Participation: ___________%  
Total Asian American MBE Participation: ___________%  
Total Hispanic American MBE Participation: ___________%  
Total Women-Owned MBE Participation: ___________%

PART A-2 - MBE UTILIZATION AND FAIR SOLICITATION AFFIDAVIT

This MBE Utilization and Fair Solicitation Affidavit must be completed and included with the Technical proposal. If the Bidder or Offeror fails to complete and submit this Affidavit with the bid or proposal as required, the Procurement Officer shall deem the bid non-responsive or shall determine that the proposal is not reasonably susceptible of being selected for award. **THIS IS NON-CURABLE.**

In connection with the bid/proposal submitted in response to Solicitation No. 91889__, I affirm the following:

2. **MBE Participation (PLEASE CHECK ONLY ONE)**

☐ I acknowledge and intend to meet IN FULL both the overall certified Minority Business Enterprise (MBE) participation goal of ___ percent and all of the following subgoals: enter “not applicable” if no subgoals are not applicable

- ___ percent for African American-owned MBE firms
- ___ percent for Hispanic American-owned MBE firms
- ___ percent for Asian American-owned MBE firms
- ___ percent for Women-owned MBE firms

Therefore, I am not seeking a waiver pursuant to COMAR 21.11.03.11. I acknowledge that by checking the above box and agreeing to meet the stated goal and subgoal(s), if any, I must complete Part A-3 - MBE Participation Schedule in order to be considered for award.

OR

☐ I conclude that I am unable to achieve the MBE participation goal and/or subgoals. I hereby request a waiver, in whole or in part, of the overall goal and/or subgoals. I acknowledge that by checking this box and requesting a partial waiver of the stated goal and/or one or more of the stated subgoal(s) if any, I must complete Part A-3, the MBE Participation Schedule for the portion of the goal and/or subgoal(s) if any, for which I am not seeking a waiver, in order to be considered for award.

**Additional MBE Documentation**

I understand that if I am notified that I am the apparent awardee or as requested by the Procurement Officer, I must submit the following documentation within 10 working days of receiving notice of the potential award or from the date of conditional award (per COMAR 21.11.03.10), whichever is earlier:

(e) Outreach Efforts Compliance Statement (Attachment B);
(f) MBE Subcontractor Project Participation Statement (Attachment C);
(g) MBE Prime Project Participation Statement (Attachment D), if applicable;
(h) Any other documentation, including additional waiver documentation if applicable, required by the Procurement Officer to ascertain bidder or offeror responsibility in connection with the certified MBE participation goal and subgoals, if any.

I understand that if I fail to return each completed document within the required time, the Procurement Officer may determine that I am not responsible and therefore not eligible for contract award. If the contract has already been awarded, the award is voidable.

**Information Provided to MBE firms**

In the solicitation of subcontract quotations or offers, MBE firms were provided not less than the same information and amount of time to respond as were non-MBE firms.
I solemnly affirm under the penalties of perjury that: (i) I have reviewed the instructions for the MBE Utilization & Fair Solicitation Affidavit, and (ii) the information contained in the MBE Utilization & Fair Solicitation Affidavit is true to the best of my knowledge, information and belief.

Under the Small Business Reserve Program, certified small businesses will compete with other small businesses for contracts as prime contractors. This program stimulates Maryland small business growth and job creation.

Maryland State Agencies (including the University System of Maryland) are required to reserve 15 percent (15%) of total procurements each year for competition exclusively among Maryland-certified Small Business Enterprises.

Please refer to the Small Business Reserve Registration Guide at the following link for assistance:

PLEASE NOTE: Effective October 1, 2012, the definition of Small Business for the State of Maryland changed. Previously, businesses had “not to exceed” industry-specific number of employees AND gross sales (average over 3 most recent completed years) limits. Now, businesses need to meet the industry-specific “not to exceed” number of employees OR gross sales limits. This will allow many businesses that previously were unable to qualify to become eligible for qualification. (see definition on next page)

If you have questions or require assistance setting up your company as a Small Business with eMMA, you should contact the eMMA Help Desk at eMMA.helpdesk@maryland.gov.

SMALL BUSINESS DEFINITION

Beginning October 1, 2012, many businesses that previously did not pre-qualify for the Maryland Small Business Reserve certification may now be eligible. A Small Business is now defined as a business, other than a broker, that meets the following criteria:

- Is independently owned and operated; the business is not a subsidiary of another business; and the business is not dominant in its field of operation.

AND

- The wholesale operations of the business did not employ more than 50 persons, OR the gross sales of the business did not exceed an average of $4,000,000 in its most recently completed three (3) fiscal years *;
• The retail operations of the business did not employ more than 25 persons, OR the gross sales of the business did not exceed an average of $3,000,000 in its most recently completed three (3) fiscal years *;

• The manufacturing operations of the business did not employ more than 100 persons, OR the gross sales of the business did not exceed an average of $2,000,000 in its most recently completed three (3) fiscal years *;

• The service operations of the business did not employ more than 100 persons, OR the gross sales of the business did not exceed an average of $10,000,000 in its most recently completed three (3) fiscal years *;

• The construction operations of the business did not employ more than 50 persons, OR the gross sales of the business did not exceed an average of $7,000,000 in its most recently completed three (3) fiscal years *;

• The architectural and engineering services of the business did not employ more than 100 persons, OR the gross sales of the business did not exceed an average of $4,500,000 in its most recently completed three (3) fiscal years *.

* If a business has not existed for three (3) years, the gross sales average is computed for the period of the business’ existence. For newly formed businesses, the determination will be based upon employment levels and projected gross sales.

APPENDIX S

SOLICITATION TERMS AND CONDITIONS

This solicitation and any subsequent award are further subject to:

1. **Contractor’s/Offeror’s Responsibility.**
   Offerors are advised to read the requirements very carefully to ensure that each requirement is understood. If in doubt, develop and submit applicable questions in writing to the contact at the Issuing Office. An Offeror’s misinterpretation of requirements shall not relieve the Offeror of the responsibility to address accurately the requirements of the RFP or to perform the Contract, if awarded. UMGC will enter into a contractual agreement with the selected Contractor(s) only. The selected Contractor(s) shall be solely responsible for all services as required by this RFP. Subcontractors, if any, will be the responsibility of the Contractor(s) and the role of subcontractors must be clearly identified in the proposal. The use of a subcontractor(s) does not relieve the Contractor(s) of liability under a Contract.

2. **Rejection or Acceptance of Proposals.**
   The University reserves the right to: (i) accept or reject any and all proposals, in whole or in part; (ii) to waive minor irregularities; and (iii) to negotiate in any manner necessary to best serve the interests of the University. Further, the University reserves the right to make a whole award, multiple awards, a partial award, or no award at all. Offerors judged by the Procurement Officer not to be responsible or Offerors whose Proposals are classified as not reasonably susceptible to being selected for award shall be so notified. The University reserves the right to increase or decrease the quantities of any materials, equipment, supplies or services.

3. **Cancellation of the RFP.**
   UMGC may cancel this RFP, in whole or in part, at any time.

4. **Incurred Expenses.**
   Neither UMGC nor the State of Maryland is responsible for any expenses that Offerors may incur in preparing and submitting Proposals or in making oral presentations of their Proposals, if required.

5. **Payment.**
   The State of Maryland usually provides payments on a net 30-day basis for UMGC approved invoices. Payment provisions shall be in arrears, with late payment and interest calculated as provided by Maryland law. For purposes of determining whether a prompt-payment discount, if applicable, may be taken by UMGC, the starting date of such reckoning period shall be the later of the date of a properly executed invoice or the date of completion of service and/or delivery of product.

6. **Electronic Funds Transfer (“EFT”).**
   By submitting a Proposal, the Offeror agrees to accept payment by electronic funds transfer unless the State Comptroller’s Office grants an exemption. The selected Contractor shall register using the form referenced in Appendix D, the GADX10 Authorization for Vendor Payments. This form is to be submitted directly to the State Comptroller’s Office at the address specified on the GADX10 form and must include the business identification information as stated on the form and include the reason for the exemption.
7. Confidentiality.

7.1. UMGC’s Information during the Procurement Process: The selected Contractor may have access to, may obtain, or be given confidential information, including without limitation information concerning the University’s business strategies, political and legislative affairs, students, faculty, employees, vendors, contractors, customer lists, finances, properties, methods of operation, computer and telecommunication systems, and software and documentation. Certain confidential information may be protected under the Family Educational Rights and Privacy Act (“FERPA”), the Gramm-Leach-Bliley Act, and the Maryland Public Information Act. The selected Contractor must have administrative, technical, and physical safeguards to protect the security, confidentiality, and integrity of the University’s confidential information. UMGC may conduct discussions with Offerors in order to evaluate their abilities and responsiveness to the RFP. In order to facilitate the discussions and to allow Offerors to propose responsive solutions to UMGC’s needs and requirements, UMGC is willing to disclose certain confidential information to Offerors, including without limitation information concerning UMGC’s business strategies, political and legislative affairs, students, employees, vendors, contractors, customer lists, finances, properties, methods of operation, computer and telecommunications systems, and software and documentation (“Confidential Information”). By submitting a proposal in response to this RFP, Offerors agree: (i) to use Confidential Information solely for purposes of responding to and discussing the RFP; and (ii) not to disclose, permit or cause use of, or provide access to Confidential Information to any third person or entity. Upon request by UMGC, Offerors may be required to sign a Non-Disclosure Agreement.

7.2. Offeror’s Information: Offerors should give specific attention to the identification of those portions of the Proposal that the Offeror deems to be confidential, proprietary information, or trade secrets and provide any justification why such materials, upon request, should not be disclosed by the State under the Access to Public Records Act, State Government Article, Title 10, Subtitle 6, Annotated Code of Maryland. Offerors are advised that, upon request for this information from a third party, the Procurement Officer is required to make an independent determination as to whether the information may or may not be disclosed to the requesting party. That decision will take into consideration the Offeror’s position regarding its Proposal. A blanket statement by a Offeror that its entire Proposal is confidential or proprietary will not be upheld.

8. Multiple Proposals.
Contractors may not submit more than one Proposal.

Contractors may not submit an alternate to the solution given in this RFP.

10. Contractor Responsibilities and Use of Subcontractors.
The University shall enter into contractual agreement with the selected Contractor(s) only. The Contractors(s) shall be responsible for all products and/or services required by this RFP. UMGC will not consider Proposals that reflect primary and secondary service providers or a prime/subcontractor relationship. There should be proof of ability of the primary to manage a subcontractor and successfully coordinate the delivery of quality service and support in a timely manner. Subcontractors, if any, shall be identified and a complete description of their role relative to the proposal shall be included. UMGC’s intent is not to direct the use of any particular subcontractor, however, the Contractor may not contract with any such proposed person or entity to whom UMGC has a reasonable objection. Notification of such objection
will be made by UMGC within fifteen (15) days of Contract. The Contractor shall be fully responsible for the acts and omissions of its subcontractors and of persons directly or indirectly employed by them. The use of subcontractors does not relieve the Contractor of liability.

11. **Access to Contractor Records for Quality Assurance and Auditing Purposes.**
The Contractor and its principal subcontractors must provide access to pertinent records by University personnel or its representatives (including internal auditors, external auditors, representatives, and agents) to provide quality assurance and auditing.

12. **Arrearages.**
By submitting a Proposal, an Offeror shall be deemed to represent that it is not in arrears in the payment of any obligation due and owing the State of Maryland, including the payment of taxes and employee benefits and that it shall not become so in arrears during the term of the Contract if selected for Contract Award.

13. **Taxes.**
UMGC is exempt from Federal Excise Taxes, Maryland Sales and Use Taxes, and District of Columbia Sales Taxes and Transportation Taxes, except as noted in applicable sections of COMAR. Exemption Certificates shall be provided upon request. In the instance a Contractor is required to furnish and install material in the construction or improvement of real property in performance of a Contract, the Contractor shall pay the Maryland Sales Tax and the exemption will not apply.

14. **RFP Response Materials.**
All written materials submitted in response to this RFP become the property of UMGC and may be appended to any formal documentation that would further define or expand the contractual relationship between UMGC and the Contractor(s).

15. **Maryland Public Ethics Law, Title 15.**
The Maryland Public Ethics Law prohibits, among other things, State employees or officials (and in some cases, former employees) and businesses in which such an individual is employed or holds a financial interest from: (i) submitting a bid or proposal; (ii) negotiating a contract; and (iii) entering into a contract with the governmental unit with which the individual is affiliated per the Maryland Code Annotated, State Government Article, § 15-502.

If the Offeror has any questions concerning application of the State Ethics law to the Offeror's participation in this procurement, it is incumbent upon the Offeror to seek advice from the State Ethics Commission: The Office of The Executive Director, State Ethics Commission, 9 State Circle, Suite 200, Annapolis, Maryland 21401. For questions regarding the applicability of this provision of the Public Ethics Law, call the State Ethics Commission’s toll-free phone number, 877-669-6085, or see the website, [https://ethics.maryland.gov/public-ethics-law/](https://ethics.maryland.gov/public-ethics-law/). The Procurement Officer may refer any issue raised by a Proposal to the State Ethics Commission. The Procurement Officer may require the Offeror to obtain advice from the State Ethics Commission and may reject a Proposal that would result in a violation of the Ethics law.

A resulting Contract is cancelable in the event of a violation of the Maryland Public Ethics Law by a Contractor or any State of Maryland employee in connection with this procurement.
16. **Assistance in Drafting.**
Under the State Government Article, § 15-508 of the Annotated Code of Maryland, an individual or person who employs an individual who assists an executive unit in drafting specifications, an invitation for bids, a request for proposals for a procurement, or the selection or award made in response to an invitation for bids or request for proposals may not submit a bid or proposal for that procurement or assist or represent another person, directly or indirectly, who is submitting a bid or proposal for that procurement. For questions regarding the applicability of this provision of the Public Ethics Law, call the State Ethics Commission’s toll-free phone number, 877-669-6085, or see the website, [https://ethics.maryland.gov/public-ethics-law/](https://ethics.maryland.gov/public-ethics-law/).

17. **Addenda Acknowledgment.**
Offerors must acknowledge in writing the receipt of any and all addenda, amendments, and/or changes issued. Such acknowledgement must be included in the Technical Proposal.

18. **Duration of Offers.**
Proposals (consisting of a Technical Proposal and, if applicable, a Price Proposal) shall remain irrevocable for 120 days following the closing date of the Price Proposal due date. This period may be extended by mutual agreement between the Offeror and the University.

19. **Minority Business Enterprises.**
Minority Business Enterprises (MBE) are strongly encouraged to respond to this solicitation notice. If a sub-contracting goal and/or subgoals has been set in Section I of the solicitation, refer to Appendix M for further information regarding required process and documentation.

20. **Living Wage Requirements.**
A solicitation for services under a State contract valued at $100,000 or more may be subject to Maryland’s Living Wage requirement, located at Maryland Code Annotated, State Finance and Procurement Article, Title 18, §§ 18-101 through 18-109. Additional information regarding the Living Wage requirement is contained in Appendix E, if applicable to this solicitation. An Offeror that fails to submit and complete the Affidavit of Agreement contained in Appendix E, if applicable, may be deemed not responsible by the Issuing Office.

21. **Conflict of Interest.**
The Contractor awarded the Contract shall provide the specified services for UMGC, and must do so impartially, and without any conflicts of interest. If the Procurement Officer makes a determination that facts or circumstances exist that give rise to or could in the future give rise to a conflict of interest within the meaning of COMAR 21.05.08.08A, the Procurement Officer may reject a Contractor’s Proposal under COMAR 21.06.02.03B. Contractors should be aware that the State Ethics Law, State Government 15-508, might limit the selected Contractor’s ability to participate in future related procurements, depending upon specific circumstances. Refer to Paragraphs 15 and 16 above. By submitting a response to the solicitation, the Contractor affirms its understanding and compliance with this clause.
