THE BRAND
HISTORY

University of Maryland Global Campus was founded in 1947 as the College of Special and Continuation Studies, a branch of the University of Maryland’s College of Education, which had locations in College Park and around the state.

Back then, being a global university meant being the first to send professors overseas to educate active-duty servicemembers in Europe.

In the mid-1990s, it meant we were a pioneer in online education and quickly grew into one of the largest public providers of online education in the nation.

Today, University of Maryland Global Campus serves about 90,000 students worldwide. We have more than 20 locations in Maryland, D.C., and Virginia and an on-site presence at more than 140 worldwide locations—including military bases for military and military-affiliated students—in more than 20 countries and territories.
UMGC IS RELEVANT

University of Maryland Global Campus was founded more than 70 years ago specifically to meet the needs of working adults. We continue that tradition today with more than 90 career-relevant programs and specializations that are taught by knowledgeable faculty, many of whom bring industry experience and real-world perspectives. We offer programs in high-growth fields and partner with top employers to help students gain an edge in the competitive job market. Students can also pick from a wide range of minors and certificates to further specialize their skill sets.
UMGC IS ACCESSIBLE, CONVENIENT, AND FLEXIBLE

University of Maryland Global Campus provides open access to valuable, high-quality higher education. At UMGC, we know that standardized test scores are not always the most reliable predictor of your academic performance and potential, so we don’t require the SAT or GRE. Our rolling admissions and multiple start dates each semester make it easier to balance education with work and family responsibilities.

Thanks to online courses, students can choose a schedule that fits their busy lives and learn how to work in virtual teams, cultivating a vital skill in the increasingly global environment.

We also combine online learning and in-person interaction through hybrid courses, which are offered in Maryland, D.C., and Virginia and on some military bases. Finally, we have more than 140 classroom and service locations in more than 20 countries and territories throughout the world, including at military installations in Europe and Asia.
UMGC IS AFFORDABLE

University of Maryland Global Campus has a wide range of programs to make higher education affordable. Students work with advisors to build a degree plan and to explore all financial options—from scholarships to lower tuition rates for Federal government employees and members of the military community—to find a plan that works within their budgets. In addition, we accept transfer credit and offer Workplace Learning and Prior Learning programs, which award credit for real-world experience, meaning many UMGC students can graduate faster and save time and money. Plus, we’ve replaced textbooks with no-cost digital course materials in nearly every course.
UMGC IS RESPECTED

University of Maryland Global Campus is a regionally accredited, respected, and nationally recognized university. We realize that going back to school is a big commitment and work hard to ensure the investment of time and money is worth it for every student. UMGC offers in-demand degrees that carry the credibility of an accredited public state university and is a member of the University System of Maryland.
UMGC IS MILITARY- AND VETERAN-TRUSTED

Since its founding in 1947, University of Maryland Global Campus has served the military overseas and has been dedicated to the education of active-duty servicemembers and veterans and their spouses. Thanks to our unmatched experience and dedication, the Department of Veterans Affairs has chosen the university to participate in VetSuccess on Campus, and we were named the No. 1 public university by Military Times in 2019. We were also named the most military-friendly online Yellow Ribbon school for 2019.

OUR LOGO IS OUR BRAND

Our logo identifies the UMGC brand to the world. It was thoughtfully designed and qualitatively and quantitatively tested. Consistent usage of our logo strengthens our name and reputation.

Every element of the logo has meaning and comes together to communicate who we are. It should be respected and valued and be treated with dignity. In every instance, the logo must be unobstructed and unaltered, so it can quickly be seen and recognized on all communications. The following pages provide guidelines on usage.
THE LOGO CONCEPT

The University of Maryland Global Campus logo emphasizes the university’s worldwide presence with an instantly recognizable image: a globe. The globe also communicates our international reputation for academic excellence and the portability of our programs. The gold, red, and black colors are a nod to the Maryland state flag and signal the respect we’ve earned as part of the University System of Maryland. They also represent our three divisions: Stateside, Europe, and Asia. The logomark is clean and contemporary. Its angled, curved bands flow upward, suggesting motivation, momentum, and progress for our goal-driven student body. The bands do not fully form a complete globe for a reason: They represent open access, lifelong learning, and constant innovation and evolution as we strive to create a world of possibilities for our students. There is always more to learn and University of Maryland Global Campus is here to help, providing higher education to working adults and servicemembers no matter where life takes them.
